Council Considers Center

The City Council has given the go-ahead to four city officials to set up a legal means of getting a high quality shopping center in Upland.

The action was taken at the Monday night council meeting, after some council discussion. Councilmen Ronald Rossitter and James Christensen will join with City Manager Elwin Alder and City Attorney Don Maroney to explore the possibilities of getting the Fashion Square in Upland.

The sum of \$1,000 was voted to aid them with technical consultants' services.

It was over this amount of money that Councilman Max Hawkins objected. "I think the city staff and council should support the idea with zoning, traffic patterns and advice, but not the ones to initiate it. I disapprove of the \$1,000 being spent until we know what it is to be spent for."

Rossitter replied that the "city had a specific part to play. The city has to get involved when we will get such a large revenue. We have to be willing to become involved. If the city isn't involved, we don't stand a chance."

Hawkins said he believed the chamber of commerce would do a better job with the project than the city.

"We must be united," Rossitter replied.

Hawkins agreed but again reiterated his stand on spending public money. Rossitter said, "There is no better way to use public funds than to promote Upland."

Mayor George Gibson said, "We have to tread lightly."

Councilman Christensen said, "We owe it to the city and people to push it as far as we can. We can't be a reactionary group."

"We have to take the leadership to get a fashion square,"

Hawkins replied that he was still concerned about the money. Although Hawkins voted for the measure, he said, "I'm going to watch it (the money) from now on out."

In other business, the council:

--Approved two zone changes, one on the north side of 23rd Street and west of Euclid Avenue at Orange Drive, initiated by the planning commission.

The other zone change was on the north side of Ninth Street with the east line 123 feet west of Turquoise Way.

EMPLOYEES NEGOTIATIONS-Elwin Alder, city manager, signs an agreement with Upland City Employees to be their Municipal Employees Relations Officer. Looking on are Jane Penner, sec., UCE and Larry Dilley, president, UCE. The agreement was reached after four months negotiation.

SCHOOL DISTRICT MEETING - Mrs. Charles Bartolotta, Upland Junior High School PTA president, Mrs. William Henke, Upland Elementary School PTA president, and Paul Cushing, president, Chaffey Union High School Board of trustees, listen while Superintendent of CUHS district, Alan Smith, answers a question posed to him at the meeting of parents and school officials Friday night to discuss the busing proposal of their students.

Elwin Alder Named Employee Officer

In a press conference held Friday morning, Larry Dilley, president, Upland City Employees Association, announced that Elwin Alder, city manager, would be the Municipal Employees Relations Officer.

Alder termed the agreement as a "step forward for the city". Dilley said, "I feel it's a good step forward for management and the association. We will not have any outside help in employee relations." The agreement climaxes four months negotiations and does not require action by the city council.

Dilley said the employees were satisfied with the present wage scale but thought there could be more fringe benefits. He is a water facilities inspector. Appearing with him at the meeting was Jan Penner, secretary of the association and an employee of the City Engineer's office.

The association has 155 employees out of the city's 225 employees, the voting members constitutes 109.

The following is the letter making the announcement.

"On October 22, 1969, a petition was received from the Upland City Employees' Association UCEA, requesting recognition as the majority representative of all employees of the City, excepting those employees designated as holding administrative and confidential classifications. The 109 current employees' sign-

natures supporting the petition were found to be valid and represents 58 percent of the employees eligible to sign the petition.

"All employees of the City of Upland were notified in writing that this office expected to recognize the Upland City Employees' Association as the majority representative of all City employees 30 days prior to the date of this letter. No other such request for recognition has been received during this 30-day period.

"Upon and following receipt of this letter, the Upland City Employees' Association will be formally recognized as majority representative of all employees of the City of Upland. This designated right of representation shall not be subject to challenge prior to December 4, 1970. The following three employees, Larry Dilley, Bill Smith and Marge Pruneri will be expected, as designated spokesmen for UCEA, to meet and confer in good faith on any and all matters relating to employment conditions, employer-employee relations, and conditions of employment of all City employees excepting those classified as administrative and confidential.

"We have had a good working relationship with the Association heretofore and look forward to many successful year of association in the future."

School District Discusses Busing

By JENNY KIRKPATRICK

Some 400 parents gathered at the Upland Elementary School Auditorium Friday night to discuss with Chaffey Union High School officials and CUHS board members the proposed busing of their freshmen students out of Upland.

The meeting was called after irate parents circulated a petition protesting the move. School officials had announced earlier in the week that there was a possibility the students in that area (south side) of the city would be bused to Chaffey High School because of overcrowding at the Upland High School.

Chairing the meeting was Mrs. Charles Bartolotta, president, Upland Junior High School PTA, in her opening statements she said, "The decision will have to be made by them, but you have a right as parents to decide how you want things done with your children." She then set up the ground rules for the meeting with Paul Cushing, president of the CUHS board of trustees acting as moderator.

Sitting at the head table in addition to Mrs. Bartolotta and Cushing were Robert Nolan, principal, UJHS; Mrs. William Henke Upland Elementary School PTA president; Allan Smith, superintendent, CUHS; Jim Clark, high school district director of facilities; and Robert Spencer, principal elect, Upland High School.

In a sometimes stormy session, the group discussed other alternatives to the busing.

In a prepared statement, Mrs. Henke, said the following was the feeling of the people.

Students belong in Upland; the school could go to an eight-period day; population figures should have alerted officials to the possibility of overcrowding; the people in the area are long-time residents of the city; these same people would benefit less from the new high school which is prosed in the north section, and that the busing proposal would set a precedent.

Supt. Smith said a study had been conducted in 1958 which projected the growth of the district and gave the board direction as to where to build the high schools. He said the board had held a public hearing at that time and only 50 persons

showed up to discuss it with them.

In the meantime, the district has had financial trouble and the building of a second high school in Upland is held up by the low interest rate on the bonds.

Alternates to the busing are to stretch the day, but Smith said "we are not talking about just one year, this may go on for three years." He told the parents the board has not discussed the proposals and would not do so until Jan. 15 board meeting.

Spencer told the group that stretching the day was not an impossibility but that problems of traveling teachers, meaning those who would not have permanent classrooms would pose a problem as well as parking and other problems.

He said the long day would necessitate several lunch periods and the elimination of some elective classes.

Bob Nolan, principal of the UJHS, told the parents he would "morally back them and ask they reject any boundary changes that would affect any Upland students."

After the opening statements, a long question and answer period followed. The parents were irate over the proposal and comments included: "You are playing musical chairs and it is going to cost us more money, where will you get it?"

"We people are pushed and shuffled like cars and we don't deserve this."

One man pointed out that his four children had been in six different schools during their school careers and he said, "You'll have them separated again, I would like to have them all in one place just once."

One man suggested as a possible solution that the school go on the quarter system that is year around school. Superintendent Smith said those who tried that found it wasn't popular.

Other suggestions were portable classrooms. However, the popular solution was to stretch the day or go on double sessions so that all students living in Upland could go to school in Upland.

The parents said they were "disappointed" that the survey was taken only in the Upland Junior High School area particularly when the students were walking to the high school. They did not receive an answer as to why the survey was not taken all over the city.

Smith said in conclusion he does not know what the board will do and the parents replied, "We want our children to stay in Upland, please keep this in mind."

Task Force Plan Presented

A discussion on the Task Force plan of a "high quality shopping center," was held Wednesday morning in the council chambers by chamber representatives and Task Force committee members.

Attending were Ralph Mills and Arthur Lawrence, of the committee, Tony Malone, chamber

manager, Harvey Stone, past chamber president, and John Meyer, chamber board of directors.

Chairing the meeting was Councilman Ronald Rossitter who was appointed by the city council.

A feasibility study has been completed and was presented to the city council in Dec., but not

discussed by them.

The chamber representatives asked at the Wednesday meeting that the base of the task force be broadened.

"Community involvement is very significant in making the project go," Malone said. Rossitter agreed on enlarging the committee, "If they are the kind of people who can make a contribution," he said.

The Task Force Committee has suggested the establishment of a "High Quality Fashion Square" in the southwest quadrant of the city.

How to form the vehicle that would bring this about was discussed by those at the meeting. This is the proposal so far:

The study was presented by the ERA representatives that two actions were necessary to further the possibility of Upland obtaining a Fashion Square type development.

1. A land package must be acquired and be made available on attractive terms to prospective tenants.

2. Prospective tenants be made aware of the potential in Upland; a major sales program must be carried out towards this end.

The Chamber of Commerce made mention of their Board's desire to have a "Forward Upland" committee formed similar to the Downtown Revitalization Committee, with a view towards

improving the economic aspects of all sectors of Upland.

The representatives of ERA advised that the normal procedure in site location for development such as a Fashion Square is for the developer to select the site and handle details of acquisition. About the only time cities become involved in site selection is where an urban renewal project is obviously required.

Chairman Rossitter proposed and approval was gained, of those present that several actions be taken at this time.

1. For the Chamber of Commerce to suggest individuals to augment to the Task Force - said individuals to represent interests that are capable of assisting in this project and for whom some benefit would accrue.

2. The City Council be requested to instruct the City Manager and Attorney to recommend a vehicle for accomplishment for the aims set forth above, such as a public, quasi-public or private corporation which would have powers of raising funds and of making the necessary sales campaigns.

3. The Council authorize funds for the necessary investigation process.

4. The recommendations of the City Manager and the Attorney are to be reviewed and approved by this Task Force prior to their ratification by the Council.

New Sister For Upland

Upland has another "Sister City". Mrs. Douglas Black, presented Mayor George Gibson with a signed document from Mayor K.L. Wright, of Mildura, Australia, cementing the relationship. "Mildura is our second Sister City," said Mrs. Black who told about Mayor Wright. He signed the agreement at an official reception held in Mildura City Hall, she explained to the members of the city council

at its meeting Monday night. Mrs. Black said the action was televised.

Commenting on the graciousness of Mayor Wright, Mrs. Black said he had spent sometime at March Field during the war and was familiar with the area. She also reported there was one woman on the city council, just like ours.

Mrs. Black said Mildura was very much like Upland and has a

kiosk, they call a rotunda. She said it was a quiet city and added it, like Upland, was also founded by the Chaffey Brothers.

Mrs. Black, Mrs. Althea Correll and Esther's husband, Douglas, were part of a guided tour throughout Australia and surrounding areas, conducted by Mr. Correll.

All are members of the Upland Sister City Committee.

SANTA'S NICE - Young John Preston, admires the candy cane given to him by ole Santa on the Kiosk. Santa arrived in town on Friday, Dec. 5, and will be in the Kiosk or in the Upland Town Merchants stores until Wednesday Dec. 24, at 3 p.m. Here is his schedule: Thurs., Dec. 18-12-6 p.m.; Fri., Dec. 19-2-8 p.m.; Sat., Dec. 20-12-5 p.m.; Mon., Dec. 22-2-8 p.m.; Tues., Dec. 23-2-8 p.m.; Wed., Dec. 24-12-3 p.m. He is sponsored by the Upland Town Center Merchants.

Bad Planning

This week the Chaffey Union High School District called a meeting and told the parents in the south side of town their children might have to be bused out of Upland to Chaffey High School in Ontario. This touched off an up-roar that is still being heard across the city. We think this was bad planning on the part of the district, and several questions arise on the issue.

Why did the superintendent present the plan to only the parents in Upland Junior High School and why wasn't the study made of the whole city rather than the south side.

Why was the plan presented to the parents before the board of trustees had a chance to study all alternatives and plans before the presentation?

Why did the issue come after the passing of the tax override instead of before. These people worked hard to pass the override and now feel "betrayed."

Is it not best to keep families together and not separate them? These children in this area have been bused time and again because of some problem, why always these children?

We hope the board of trustees will take another look at the busing proposal before deciding and also take a look at split sessions, portable buildings, and any other proposals that might keep the south side children in Upland.

From Our Readers

Dear Editor:

This letter is in protest to the proposed changing of the boundaries for Upland High School students! We feel this is a form of discrimination against the residents of this area. The people living south of Arrow Highway are still residents of Upland, as much as the people north of it.

If we had wanted our children to go to Chaffey or Montclair schools, we would have bought a home in those districts.

It is unfair to say to certain residents of a city, your children cannot go to the school in your district, because you live in the wrong end of town. After all, we pay high taxes to send our children to the school of our choice, not yours!

We want to go on record as saying, we will in no way support or take part in this change. We positively will have a say in and control over our children's education!

Mr. and Mrs. L.A. Carfagna
285 S. White Ave., Upland

Dear Editor:

I will be unable to attend the meeting tonight regarding the proposed ways to solve overcrowding at Upland High.

As a registered voter in the Chaffey High School district, Upland home owner, and parent, I am opposed to any board action which would remove High School students within walking distance (now 2 miles radius) from their nearest school and by adjusting boundary lines place them in another school.

I have confidence in our elected school board and feel that they can work out this problem so that no one area of Upland will need feel unjustly represented.

Your truly,
Doris Hensley (Mrs. Del)

Dear Editor:

We would like to express our disapproval of the proposed boundary change which would require all ninth and tenth grade students in Upland High School who live below Arrow to go to Chaffey or perhaps be bussed to Ontario High School.

We do not think it is right to send our children to another city to attend school. If we wanted them to go to school in Ontario, we would be living there.

If this proposal is approved we will have a student who will be a junior and allowed to stay at Upland High and a freshman who must attend an Ontario high school.

Why can't a better solution be found without dividing the city and in many cases families.

The first thought that comes to our minds is portable classrooms. But certainly we should not require that any student attend school outside our city.

Mr. and Mrs. Richard Seaman
581 Azure Court
Upland, Calif.

Dear Editor:

I am writing to you to protest the annexing of our South School District students to Chaffey, Ontario and Montclair.

My husband and I moved here three years ago when he retired from the Air Force. We specifically picked Upland to live and purchase a home in because we felt Upland High School is the best in the area.

M/Sgt. (Ret.) and Mrs. A.V. Humphreys
360 S. Laurel
Upland, Calif.

P.S. The people who live in the south part of Upland paid the taxes that built the present high school.

Dear Editor:

We, the undersigned, residents of the Foothill Knolls area of Upland, wish to protest the proposed transfer of entering high school students to other high schools in the area.

We feel that to bus students to schools out of the area in which a family lives--and pays taxes--is to deprive them of the opportunity of choosing the schools they wish their children to attend, and for which they are indeed paying.

A Little Bit

OF THIS AND THAT

By Bob Evans

As noted in this column last week, this is Bill of Rights Week.

For most of us, it's only during a special observance of one kind or another that we explicitly think about ideas, rights or other things that we normally take for granted.

This is, of course, one of the advantages of living in a free country. If we cherish someone or something, we easily can feel nonchalant in the absence of obvious threats.

Then a threat will come along, and we no longer take what we love for granted.

Protection

Last week this column referred to two of the first 10 amendments--regarding protection from unreasonable searches and seizures and the protection from self-incrimination.

In recent weeks there has been a lot of discussion of news media in this country. Such discussion invariably leads to references to freedom of speech and of the press.

So here are a few thoughts, not about freedom of the press or freedom of speech, but about censorship.

'Beat The Press'

In his well-publicized speech, which could be titled "Beat the Press," Vice President Spiro Agnew criticized some aspects of news coverage, particularly by the broadcast (TV and radio) media.

Well, this being a free country, Mr. Agnew had the right to say what he said, and the network news officials had the right to say what they said afterward.

What's the point?

Simple: each of us has certain things we are trying to accomplish, and in order to make intelligent decisions, we all need information.

More Information

You may live in a house on a street that you think is poorly lighted at night. You may wonder what you can do about it, and where you can go for more information.

You may be especially interested in your city government. After attending several meetings, you may wonder how much money your city is spending on a weekly or monthly basis, and for what.

You may have a son or husband in the service, fighting in Vietnam or training at a military base, and then you get a telegram notifying you that he's been killed or injured.

The questions still are the same: "Where do you go for more information?"

How And Why

These are only three questions that may affect you and me. And you won't be satisfied to learn only the "what" part of the questions you ask. You also want to know HOW something happened and WHY it happened.

Any barriers to the answers to your questions constitute "censorship." The barriers may be placed accidentally or intentionally.

But you have a right to the answers.

And if you get the reply: "Well, it's not really in the public interest to give out the information," be as suspicious as the dickens.

Need To Know

For you, as a member of the "public," have the need and the right to know. If you get the above reply, demand an explanation. You may even accept this explanation. But be sure you get one.

After all, replies such as "not in the public interest" or "we can't tell you that" are no explanations at all, just bunk.

Current Comments

ALEDO, ILL., TIMES RECORD: "It is time that those persons who seem to make an occupation out of finding fault with our schools, our religions, our government, and most other things considered by them to be 'square' stop to pause for a moment and ask themselves what better system they have to replace the one they are attempting to destroy. For anyone who has traveled to other countries while in the armed forces or otherwise, it is apparent the United States has done more to assist the poverty-stricken than any other nation. Our country and its government may not be perfect, but maybe it's time for those who disagree with it so violently to purchase a one-way ticket to another country."

MOUNT OLIVE, N.C., TRIBUNE: "President Nixon's plan for changing the welfare system in this country to a program of 'family assistance'... could scarcely draw killing opposition from anybody except deadbeats among welfare recipients and those political and social leaders who, for some reason, have always promoted deadbeat welfareism."

TRACY CITY, TENN., HERALD: "What is an editorial? In a word, it is the viewpoint of a newspaper. Why are editorials published? They are published... because... every newspaper has a duty to stimulate public concern of important problems by expressing at least one point of view. The newspaper which declines to be a part of discussion about items of major importance in its community is not living up to its duty."

What's Doing In Upland?

by Jenny Kirkpatrick

WEATHER WISE

Those who complain that California does not have seasons should change their tune after this fall. I have observed many changing trees with leaves of gold and red and seen senior citizens raking these same leaves after they have fallen. Also, there has been a nip in the air and the skies clear. The only thing missing is the white snow and who needs that?

CHAMBER MEETING

Don't forget the Chamber of Commerce meeting to be held Friday, Dec. 19, at the Olive Tree Restaurant, San Antonio Avenue and Foothill Boulevard, from 7:30 to 8:30 a.m. Mayor pro-tem Mike Rossitter will tell what a new study just completed by the city says about the feasibility of a future high-quality "Fashion Square" for Upland.

TOYS

Toys this year, are automated. If they don't do something to entertain the child, they are ignored. Dolls particularly have all but taken the place of human companionship for girls. The dolls just about do everything a human does, but if they get out of line, then you take the dolls batteries out. Their clothes cost as much as they do and if you were wise you'd check your child's budget and see if you are supporting one or more dolls. The population people can stop worrying as dolls may become the children of the future. Someday parents who are tired of demanding children may just send the child back to the store and keep the doll, when the dolls get out of line, take the batteries out. If you want a family, see your nearest department store.

Boys toys are also mechanical, they teach the young that one should have faith in work, that one should make his own toys and assemble rockets, work is the backbone of play. Toys put children in business at an early age. I may be old fashioned, but where are the toys for fun and play? And, with no reason except to play with them, and to enjoy it. Looks like we are already abolishing childhood at an early age. Another generation may see instant adulthood mechanically achieved.

OOPSI

In the story about retired postmaster John James it was inadvertently mentioned that he had served as postmaster for 21 years. He was employed by the Upland Post Office for 21 years and served under three postmasters, Orton Brady, Mrs. Dorothy (Grier) Manley and Roy Ray. He was appointed postmaster in 1962 and served as such until his retirement.

STOLEN GOODS

The Upland Junior Women are disappointed about theft of their Christmas tree and stockings from the Kiosk. The ladies had put the tree there with the stockings to help needy children. People who wanted to contribute could take a stocking to a nearest merchant and purchase a little gift for children who wouldn't otherwise get a gift. But, as luck would have it, one night the stockings disappeared and the following night the tree. However, people can still contribute by calling Mrs. Gilbert Extale, 982-8738.

CHRISTMAS CAROL

Drop by the Kiosk on Friday night around 7 p.m. and hear Charles Sumner recite the Christmas Carol, by Charles Dickens. He is putting on the one man show and portraying all of the parts. It should be interesting. Santa will also be about. Both events are sponsored by the Downtown merchants Association.

GUESS WHO?

Guess who was driving Santa in the red fire engine? None other than Capt. Ed Larned of the fire dept. We are sorry we missed you Ed the first time around. We still appreciate you and your effort.

THURSDAY, DECEMBER 25
MERRY CHRISTMAS

Let's Laugh

"Well, is it clean enough for Santa?"

Church Shows Creche Collage

A "Creche Collage", a collection of unique Creches, will be shown Sunday, Dec. 21, between 9:30-11 in the Fellowship Hall of the First United Methodist Church of Upland, 262 W. Euclid Ave. The show is sponsored by the Fine Arts Committee of the Church.

Betty Davenport Ford of Claremont will have on display her ceramic creche. Mrs. Ford created this creche for use in her own family.

A straw creche from Sweden and a "Retablo" from Peru will be shown by Jerry Martin of "Raku" in Claremont. Mr. Martin also is showing a wood manger scene from Nigeria. The figures in this creche are carved from the thorns of the thorn wood tree.

An unusual ceramic creche is displayed by the Christ Episcopal Church of Ontario. It was made and presented to the Church by Nina Miller several years ago.

A nostalgic note is added to the display by a wooden creche with painted wood figures made 13 years ago by the Reverend Theodore G. Papsdorf, 85, a retired minister residing in Whittier, California. The Reverend Papsdorf is the father of Robert Papsdorf of Upland.

A Christmas Coffee will be served. The public is invited.

WOODEN CRECHE - Young Kate Mann, puts a wooden wiseman in a wooden creche that will be on display at a "Creche Collage," while her mother, Mrs. Ted Mann, looks on. The unique collection of creches will be shown Sunday, Dec. 21, between 9:30 and 11 a.m., in the Fellowship Hall of the First Methodist Church, Upland, 262 N. Euclid Ave. The show is sponsored by the Fine Arts Committee of the Church.

Nazarene's Set Church Services

Two Christmas Sunday services will be conducted at the Upland Church of the Nazarene, Dec. 21st, according to Pastor Irving E. Sullivan.

Instead of the usual Sunday school and worship hours in the morning there will be a unified service of the Christmas program by the Sunday School titled "The Coming of Christ" and a Christmas message by Pastor Sullivan. The service begins at 10 a.m. with Mrs. Ellis Ziebarth in charge of the program.

In the evening service a Christmas candlelight service will be conducted by the pastor.

Mr. and Mrs. Churchill

Ensign Rating

Jeddie N. Churchill, Cucamonga, was commissioned an ensign in the Naval Reserve on completion of the Aviation Officer course at the Naval Aviation Schools Command in Pensacola, Fla.

The 11-week course included instruction in Naval history and world affairs, Naval justice, leadership and orientation, effective communications, physical fitness and swimming.

He will now enter the flight preparation school to continue his training under the Naval Aviation Program.

Churchill is married to the former Miss Delcie E. Dastrup of Upland.

Winter Camp Registration Set

Everything is go for the Dec. 31 - Jan. 3 trip to Camp Oakes. This will be a good chance for valley youngsters to be in winter resort type of atmosphere. The camp is located high in the Dan Bernardino Mountains near Big Bear.

The cost is \$23 for members of the "Y", and \$25 for non members, and mint sales are available to supplement the cost. Call for further information, or come in to register at the Ontario-Upland Y.M.C.A., 215 W. "C" St. Ontario.

Sycamore School Christmas Play

Students and teachers at Sycamore Elementary School will hold their annual Christmas Program on Thursday, Dec. 18 at 1 p.m.

Each grade will present a portion of the program which will feature songs of Christmas. A living picture of various songs will also be presented.

The sixth grade chorus will also accompany Mr. Steve Malacara, day custodian, as he sings "Silent Night" in Spanish. The kindergarten group will be assisted by Beverly Patton playing the marimba.

Cigarette Tax

SACRAMENTO - State Controller Houston I. Flournoy today announced the distribution of \$6,817,764 to counties and cities as the November apportionment of cigarette tax.

San Bernardino County's share was \$46,226.48, and Upland City's share was \$9,504.53.

This amount represents 30 percent of the revenue deposited in the Cigarette Tax Fund during the month of October 1969. The counties' share was \$1,305,115 and the cities' share was \$5,512,649.

Local Girl Scouts Plan Working Summer

Spanish Trails Girl Scout Council has announced five Upland girls who will participate in national opportunities throughout the United States during the summer of 1970.

Following are those participating. Susan Sate, Troop #1080, Aides To Handicapped Girls, to be held in Kansas City, Missouri; Participants will prepare for this specialized experience by five days of intensive training in cooperation with the Children's Rehabilitation Unit of Kansas University Medical Center. They will then serve as Aides to forty severely handicapped girls, ages 9-21, during a 12-day session in an established camp. To be held July 14 through August 2, 1970. 20 girls from throughout the U.S. will be participating.

Elise Magistro, Troop #1080, Candles to Capsules to be held near Hampton, Virginia from Aug. 10 - 22, 1970. Girls will be living at Camp Skimino, by patrols in troop-sized units, using the facilities of this campsite. The purpose of this event is to give girls the opportunity to develop a deeper appreciation of historical values inherent in the founding of our nation in

an area that provides a sharp contrast in colonial culture and modern technology. 80 girls from the U.S. will participate in this event.

Alternate is Nancy Karnes, Troop #1078, Upland.

Elaine Pasma, Troop #1080, Discovery, which will be held on property adjacent to Camp Hidden Falls, Dingmans Ferry, Pa. in the Pocono Mountains, July 12-22-1970. A base camp will be established; services will come from the council's adjacent resident camp. Girls will live in roundup tents, as patrols, in locations they will select. Purpose of this event is to offer girls an opportunity to pioneer an undeveloped land; to learn the skills of land management; to explore possible vocations in this field. 160 girls from throughout the U.S. will participate with 40 of those girls coming from the Delaware County Council--sponsoring Girl Scout Council.

Ann Pehl, Troop #1080, Mountain Magic, to be held at Virginia Intermont College Campus July 7-23, 1970. Purpose is to give girls an opportunity to learn about and appreciate the history and culture of the Ap-

palachian Mountains and its people; to depict the Appalachian region in a different way from that of poverty as exploited by the news media; to train the participants to distinguish authentic crafts of regional craftsmen from objects produced commercially. 170 girls will experience this opportunity from throughout the U. S. with 20 girls from the Appalachian Council comprising the nucleus.

On the regional level-two girls Emma Coyle, and Antonio Vignocchi, Troop #1080, will participate in PAVE 4 from July 6 through 17. This event is being sponsored by the Girl Scout Council of Orange County, and will give the girls the opportunity to see the surrounding area during field trips to Laguna Beach Art Festival and various art studios in the Los Angeles and Hollywood area. Girls will meet and talk with professional people in commercial art fields and have workshops for experimentation and exploration. Art belongs to all people wherever they may live, whatever their culture. Pave-4 is "Program of Arts for Vocation and Enjoyment."

SPORTSMANSHIP AWARD - Cucamonga fire chief Arvid Lewis holds the perpetual sportsmanship trophy that the Cucamonga Firemen's Club annually awards to a baseball player in the Vineyard Little League. Recipient of this year's trophy was Mike Hill, son of Mr. and Mrs. Charles Hill of Cucamonga.

**Everybody is waiting
for somebody to do something
about smog.
Meet somebody.**

That somebody is the Gas Company customer serviceman. When he calls at your house he may be driving one of the more than 1,200 vehicles in our fleet which we are converting to run on natural gas. Because we've found that using natural gas as a fuel in motor vehicles sharply reduces the pollutants in vehicle exhaust—the source of nearly 90% of today's smog.

We're converting our fleet of trucks to natural gas, not just because that's the business we're in (and have been

for over a century) but because natural gas burns cleaner. It eliminates most air-polluting substances before they ever get started.

We don't claim that use of natural gas in fleets of trucks is going to clean up the air overnight. But it will help.

We think we've taken a step ahead—one that's worth the effort.

After all, we breathe the same air you do.

LITTLE SISTERS - The Assisteens, the high school, girl's auxiliary to the Assistance League of Upland, recently held a Christmas party which honored their Little Sisters. The Little Sisters are members of the Cucamonga Girls' Club. From left, Cindy Rebeck, Helen Uvalles, Laura Henderson, Bertha Lambert and Teresa Nunez.

Assisteens Hold Christmas Party

The Assisteens of Upland recently held their fourth annual Christmas party for the Little Sisters in the Cucamonga Girls Club. After decorating the Christmas tree, the girls gathered around the piano to sing carols. They were accompanied by Miss Ann Ledig and Miss Vicki Van Antwerp.

Before dinner was served, Mrs. Jerene Appleby Harnish

passed out the Big Sisters gifts to their Little Sisters. After opening the presents, the girls enjoyed a turkey and ham dinner.

Each table was decorated with a small Christmas tree trimmed with holly, gingerbread man, and candy canes. The centerpieces were created by Miss Margo Horgan.

Special guests for the evening

were Mrs. Anton Blatnick, Girls Club director, Mrs. Harnish, Mrs. Ernest Henderson, and Mrs. James Van Antwerp.

Adult coordinators for the Assisteens are Mrs. Donald White and Mrs. Paul Gardner, Jr.

The Cucamonga Girls Club meets in the Jerene Appleby Harnish Wing of Assistance League of Upland Chapter House four afternoons a week.

"Speaking Greek"

Epsilon Beta

Mr. Earl Phares, a crewman on the USS Pueblo, was guest speaker at a recent meeting of Epsilon Beta Chapter, Beta Sigma Phi, which was held in the home of Mrs. Richard Williams.

Mr. Phares recounted the experience of his capture and final release and of living conditions while he was a prisoner.

Mrs. Michael Jackson, a transferee, was formally welcomed into the chapter with a candlelight ceremony conducted by Mrs. Robert Moore, president.

During the business meeting, plans were discussed for the Cystic Fibrosis Christmas party to be held Tuesday, Dec. 23. Members of the sorority will bake cookies, wrap packages, decorate the tree and help serve for the event.

Xi Gamma Kappa

Members of Xi Gamma Kappa chapter of Beta Sigma Phi and their husbands were recent guests at the Chino home of Mr.

and Mrs. Gerald Neisen when the chapter held its annual couples' Christmas party. A catered dinner was featured, followed by a gift exchange and dancing.

The evening was planned by Mrs. Robert Franklin, social chairman, and Mrs. Gordon Price, Mrs. Floyd Brewer, and Mrs. Stanley Newman.

Highlighting a recent business meeting was a silent auction of handmade Christmas items conducted by Mrs. Neisen. Members of Xi Theta Gamma chapter were special guests.

Mrs. Robert Hart, service chairman, announced that a Thanksgiving basket had been delivered to a local needy family. Members also dressed dolls for delivery to Santa Claus, Inc. this month.

TOPS Names Weight Losers

Mary Oakford, TOPS Ontario Weight Losers Leader crowned Melba Hardy Queen for the Month of November. Judy Garner, one of the newcomers was Queen of the Week.

Vedas Irwin was Division 3 winner and Mrs. Garner winner of Division 4. Mary Lou Nichols received a charm for a loss of 25 pounds.

Mary Muglea was welcomed back by the Club after a long absence.

All of the ladies who lost weight Thanksgiving week were presented with a small Owl Pin for their hard earned effort.

Today's WOMEN

Powell-Beard Engaged

Former Cucamonga residents, Mr. and Mrs. James W. Powell, of Ripley, Tennessee, announce the engagement of their daughter Nancy Jean, to Don Earl Beard, son of Mr. and Mrs. Don W. Beard, also of Ripley.

The bride elect graduated from Alta Loma High School in 1968. Her fiancé graduated from Ripley High School in 1964 and served with the National Guard for four years.

A December wedding is planned.

Nancy Jean Powell

Cheer Party

West End Democrats will celebrate the annual Christmas Cheer Party Sunday, Dec. 21, at Sweeten Hall at 2 p.m.

Tickets may be purchased at the Democratic headquarters.

MERRY CHRISTMAS - Members of the Cucamonga Girls' Club wave a Christmas greeting following the club's annual Christmas party. The girls prepared refreshments and the table decorations for the party which honored their mothers. The Girls' Club is sponsored by the Assistance League of Upland.

Charity League Fetes Mother-Daughter Tea

Mrs. Wilfred M. MacSween opened her Ontario home to over 200 Patronesses and their Ticktocker daughters and honored guests on Sunday, Dec. 7, from two until five o'clock.

Receiving guests at the door were the hostess, her daughter Miss Maureen MacSween, Mrs. Edward J. Duffy NCL Foothill Chapter president, also twelfth grade Ticktockers Ann Bescoby, Kathy Melillo, Judy Ayers, Janet Alair, Sharon Dight, Pam Dischinger, Barbara Janesick and Debra Parsons.

Miniature Christmas trees decorated the Victorian style home. The small decorated trees were made by the ninth grade Ticktockers under the direction of Mrs. Robert Crawford, coordinator. Holly corsages made by the high school Ticktockers were pres-

ented to the hostesses, the pourers, and also special guests Mrs. Cecil Baisinger, Regional Director, and Mrs. Richard T. Liggitt, NCL South Coast Chapter.

Adorning the tea table was a antique hand made lace cloth from China. The centerpiece featured red carnations nestled in Christmas greens. Pouring were Mrs. Lynn Kloefer NCL national president and past president of Foothill Chapter, Mrs. Leo Lucas, sponsor, Mrs. Robert Williamson, advisory board, Mrs. John Hooval sponsor and Mrs. Floyd Plasman from the advisory board. Senior Ticktockers pouring were, Elaine Garner, Deborah Morgan, Kathryn McBeth, Victoria DuVall, Carol Gibson, Deborah Presto, and Kathy Melillo.

Replenishing the tea table were

eleventh grad Ticktockers, Kristine Barkow, Nancy Barrenchea, Carey Bescoby, Cindy Bond, April Callaway, Cecilia DuVall, Elise Magistro, Mary Lou Maloof, Deborah McCutchen, Luralee Rencher, Suzanna Spencer, Vickie Van Antwerp, and Barbara Wilcox.

Serving the tea sandwiches and cookies were tenth grade Ticktockers, Jane Balensiefer, Valerie Barmakian, Barbara Delahoyde, Lucia DeSalvo, Kim Durso, Emily DuVall, Sari Gacsaly, Julie Garner, Vivian Graue, Victoria Laughlin, Jeanne Pendergast, Gale Poteroff, Kathleen Robinson, Sheri Stevens, Kimberly Tomlinson, Jane Vath and Darlene Wilder.

Ninth grade Ticktockers assisting were Anita Clinton, Jane Colombo, Lisa Crawford, Day-

na Lee DeSalvo, Lisa Durso, Rendi Garello, Nan Glenn, Sheralyn Johnson, Jolene Mangiagli, Terry Mellon, Virginia Michael, Janey Robertson, Susan St. Clair, Laurie Smith, Patricia Stokes, Janet Townley Holly Wake, and Lynn White.

Arrangements for the tea were under the direction of Mrs. Donald K. Wake, social chairman of the chapter. Assisting her were the Mmes. Gordon Ayers, Theda Leman, Robert Crawford, and John F. Clinton.

Handmade stuffed animals created by the Ticktockers were displayed on the stairs leading to the second floor, which featured all the Philanthropies completed by the Ticktockers in the past year. Distribution of these projects to charitable organizations will be completed before Christmas.

A CHRISTMAS WELCOME - Members of the National Charity League and their Ticktocker daughters recently attended the League's annual Christmas tea. Greeting guests at the door were from top Mrs. Edward J. Duffy, president; Miss Ann MacSween, college Ticktocker, and Mrs. Wilfred M. MacSween, hostess, who greets Mrs. Leo J. Lucas, a National Charity League sponsor.

PASSING THE GAVEL - Members of the New Uplanders recently met for luncheon which was highlighted by the installation of 1970 officers. From left Mrs. Joseph Yee, secretary; Mrs. John Gosney, treasurer; Mrs. David Goetsch, vice president; Mrs. Bruce Wishard, president; Mrs. Harold Horman, out-going president and Mrs. Robert Merrill, historian.

New Uplanders Install 1970 Officers

An installation of officers for 1970 highlighted the Christmas meeting of the New Uplanders Club. The meeting was recently held at Orlando's of Pomona.

The officers were installed in a candlelight ceremony performed by Mrs. Eldridge Streuve and Mrs. Thomas Brennan. Officers for 1970 are Mmes.

Bruce Wishard, president; David Goetsch, vice president; John Gosney, treasurer; Joseph Yee, secretary and Robert Merrill, historian.

A charm was presented to outgoing president Mrs. Harold Horman, in appreciation for her year of service to the club.

Mrs. Wishard introduced the activities chairman for the coming year.

Santa Claus paid a surprise visit and passed out Christmas gifts to the members.

New Uplanders and their husbands recently attended a dinner show at Padua Hills Theater in Claremont.

Fraternal News

American Legion

Mrs. James Green of San Bernardino presided at the 25th District meeting of San Bernardino's County American Legion Auxiliary, held Sunday in Rialto. Members of Units were urged to support the American Legion's resolution supporting the President

of the United States for an honorable and just peace in Vietnam.

The District members voted to send \$25.00 to "Operation Sendoff" at Norton Air Base to go into a special fund to buy Christmas gifts for the Servicemen on the flight going overseas to Vietnam just before Christmas.

Members of Ontario Unit No. 112 at the Luncheon meeting were Mmes: Allie Clark of Pomona; Eugene Chisam, Madeline Gunther, Catherine Matthews, Elmer Merritt, Sherman Lansdale, Ray Olive, Miles Phillips, Robert Stanick, and John Sugar. Mrs. John Long and Mrs. Arthur Novelli represented Montclair, while Ethel Marsh represented Upland Unit No. 73.

PTA News

The PTA of Baldy View Elementary School will hold an annual Christmas program tonight, Thursday, Dec. 18, in the multipurpose room at the school.

The program will begin at 7:30 p.m. and will feature the Baldy View Chorus.

Refreshments will be served by the fourth and fifth grade room mothers.

Larkin-Simon United In Marriage

Miss Diane Louise Larkin and Anthony E. Simon were united in holy matrimony in a double ring ceremony performed by the Rev. Hardin V. Rowland in the Cathedral of the Foothills on Saturday, Nov. 22.

The bride, the daughter of Mr. and Mrs. Robert E. Larkin, Upland, chose a princess-style gown of delustered satin. The gown featured a high neckline and a cathedral length train. Her elbow-length illusion veil was held in place by a single rose headpiece. She carried a bouquet cascade of orchids and stephanotis. The gown was designed and crafted by the bride's aunt, Mrs. Paul A. Wymore of Ontario.

Attending the bride was her Matron of Honor Mrs. Edward Le Master of Upland. The bride was given in marriage by her father.

The four bridesmaids, as well as the Matron of Honor, wore pastel pink chiffon gowns with satin back panels. They carried three long - stemmed red roses. Bridesmaids were Mrs. Lyle Thompson of Northridge, Mrs. Jerry Tibbetts, the bride's sister, of Ontario; Mrs. Gary Bailey, sister of the bridegroom, of Pomona; and Miss Mary Fuhrmann of Upland.

The bridegroom, son of Mr. and Mrs. Robert E. Simon of LaVerne, was assisted by his Bestman Gary Bailey of Pomona. Ushers were Donald Larkin, brother of the bride, of San Diego; Greg Simon, brother of the bridegroom, of LaVerne; Don Kratofil of Glendale, and Jerry Johnson of Pomona.

Following a week's honeymoon in Carmel, the couple will reside in Ontario.

Mr. and Mrs. Anthony Simon

Medieval Drama Christmas Presentation

Medieval drama and music will be featured in a community Christmas program at 8:15 p.m., Dec. 19, in the Chaffey College little theater.

The program will be five selections from the York cycle of mystery plays. Dr. Ian Alexander, a retired Pepperdine College professor, produced the selections at Covent Garden in England.

The mystery plays, keyed to Biblical subjects, evolved in the Middle Ages as the common people's demonstration of faith. The dialogue, notwithstanding the verse form, was the living speech of that time.

Craftsmen's guilds sponsored and presented the plays. The York series of 48 one-act plays is the only one of the many cy-

cles of the period that survived in toto as a dramatic testament of the spiritual devotion of a workaday world.

The plays in respect to guilds slated for Chaffey are "The Annunciation," "Spicers," "The Nativity," "The Thatchers," "The

Shepherds," "Chandlers," "Herod," "Masons," and "The Adoration of the Kings," Goldsmiths.

Chaffey's Ralph G. Strane, who studied under Dr. Alexander, has the empathy and know-how to project the medieval spirit of the plays through his actors, stage sets and costumes. As the Alexander version is a subtle fusion of modern and Middle English, Strane foresees no communication breach.

Music for the plays will be provided a cappella by the men's and women's glee clubs under the direction of Joyce Shannon. The choral groups, combining 40 voices, will be stationed off-stage.

The prologue will begin and end with the plainsongs, "Blessed Be That Maid Marie," and "Hall, Mary, Full of Grace." Between the plainsongs will be another song, "Angel Choirs Now Sound O'er Earth," and a reading, "The Voice of God."

The program will open with Christmas hymns and carols. Accompanist will be Elinor Wilding.

Admission is free.

Unsafe Food Should Be Thrown Away

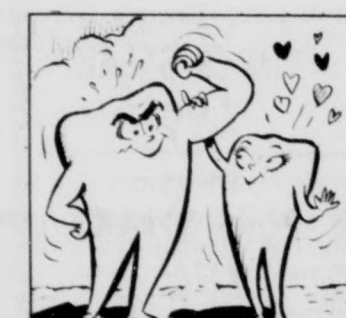

"If you doubt that your food is safe, don't taste it. Don't eat it. Dispose of it," says Mrs. Gayle P. Austin, University of California home advisor for San Bernardino County. "Insufficient cooking, improper food handling and storage can allow bacteria in food to increase to dangerous levels."

Certain bacteria growing in food may cause illness in one of the following ways. Disease-producing bacteria may enter the body in contaminated food and set up infections in the digestive tract, and, in some cases, in the bloodstream. Other bacteria may form dangerous toxins in food. Eating food in which the bacteria have grown and produced toxin causes illness.

Foods containing Salmonellae can cause infection in man, called salmonellosis. The disease is difficult to control because it spreads simply and easily. Salmonella infections result from eating food in which large numbers of Salmonellae are growing or from personal contact with an infected person or a carrier of the infection.

Bacteria that can produce poisonous toxins in food are Staphylococcus aureus and Clostridium botulinum. The first toxin, when eaten in food, results in so-called "staph" poisoning, probably the most common foodborne disease in the United States. The second toxin can cause botulism, the rarest and deadliest kind of food poisoning.

Another class of bacteria involved in foodborne illness is Clostridium perfringens. These bacteria often cause diarrheal upsets, which are rarely fatal. If you would like to have copy of the free USDA leaflet "Keeping Food Safe To Eat," write to Gayle Austin, home advisor, agricultural Extension Service, 566 Lugo Ave., San Bernardino 92410.

IN THE ESCALATING WAR AGAINST TOOTH DECAY, AN ADVANCED COMPOUND HAS CLINICALLY PROVEN ITS ABILITY TO COMBAT CAVITIES. IT STRENGTHENS THE ENAMEL OF TEETH TO HELP RESIST DECAY. THIS COMPOUND IS CALLED SODIUM MONOFLUOROPHOSPHATE "MFP" AND IS NOW FOUND IN COLGATE DENTAL CREAM.

PULSE of the PLAID

By Barbara Popadak

United Nations Day

Plans are being made for the third annual United Nations Day at the University of California at Riverside. High schools from Southern California have been invited to send student delegates who will represent various countries to this forum.

UCR is expecting four hundred students to represent more than one hundred countries.

Students interested in participating in this program are asked to contact Mr. Frankson for future information.

AFS Party

On Monday, Dec. 22nd, the Chaffey Union High School District chapters of the American Field Service club will hold a Christmas bash in our cafeteria at 7:30 P.M.

Attendance of five hundred is expected for this event. Any member who has paid his dues is invited to attend this fun-filled evening.

ESSAY

The following is an essay by Debbie Stokes that was accepted for publication in the national anthology of essays. Other essays will be printed in future issues.

A Protestor

The betterment of the world lies not in the hands of the protestor. The future of the people, the country, and the world exists with those individuals who are able to present their ideas and changes peacefully and practically. The protestor receives only scorn and disrespect from his fellow men.

Why does any person feel the need to protest? He is making his opinions heard, but actually no more than a person who takes the different course of action. The protestor is, in effect, making himself stand out from the crowd in a ridiculous way. He is calling attention to himself by saying, "Look at me! See

what I'm doing? I am right--listen to me. I won't listen to you."

This person is set in his opinions, not caring to change them. His narrow-mindedness will cause his downfall. Thank goodness! The world is not ready for the protestor to run its affairs.

Optometrist Attends Course

Upland optometrist, Dr. John N. MacFarlane, has returned from the Scope-Fall '69 Vision Care Seminar in Los Angeles sponsored by the California Optometric Association.

Dr. MacFarlane was one of over 400 optometrists who attended the two-day post-graduate seminar November 22-23 which featured University of Houston College of Optometry Associate.

NEW PARKING LOT - Bank of America manager Clarke Boesen, on earth mover, confers with Herman Rempel, left, Baseline Construction, and W.C. Joy, assistant manager, about plans for expansion of the parking lot for the Cucamonga branch of the bank.

Area Students Named To Cal Poly Honors List

Three hundred and 52 students at California State Polytechnic College, Kellogg-Voorhis, Pomona, have been honored by having their names placed on the Academic Honors List for the summer quarter of the school year. This number constitutes nearly 12 per cent of the total enrollment during that quarter. The purpose of the Academic

Honors List is to give quarterly recognition to students achieving academic excellence. To be eligible, a student must be enrolled for 12 units or more and must achieve a 3.0 (B) or better grade point average. Students from the local area are as follows:

Alta Loma
Myron H. Saulpaugh (Engineer-

ing).

Cucamonga
Robert M. Marchand (FIRE).

Etiwanda
Jaimie Wilkerson (Lang. Arts).

Upland
Jean S. Ellis (Soc. Sci.); Lynda M. Floriani (Soc. Sci.); Connie

E. Gabbert (Lang. Arts); Janet J. Grush (Acctg.); Jim R. Janesick (E.E. Eng.); Eldon D. Lahr (E.E. Eng.); Bonnie L. Lambert (Acctg.); John F. Murray (Bus. Mgmt.); Lance M. Neward (Soc. Sci.); Jerry M. Payne (Data Processing); Claude A. Price (Math.); Darrell K. Robinson (Animal Sci.); Lorraine Santarelli (Soc. Sci.); Terry J. Watkins (Animal Sci.).

MUSIC IS -

DIFFERENT THINGS TO DIFFERENT PEOPLE

ANNUAL CHRISTMAS CONCERT - Upland Junior High School students, Ken Sarard, Robin Monrow, Tresa French, Linda Wolf, Steve Houghton, Cindy Brennenman, and Phyllis Stump, were among the 150 students who appeared in the annual Christmas Concert presented by the music dept. Earl Torbensen, directed the band and the mixed chorus. The seventh and eighth grade girls choruses were under the direction of Vernon Martin, Jr. Assisting in the program was the Upland Junior High School PTA, under the direction of Mrs. Jackie Bartolotta. The concert was presented Tuesday in the Upland Junior High School Auditorium.

A SURPRISE GIFT - Santa, portrayed by Kiwanian John McCabe, is surprised he gets a gift. Presenting it is Mrs. Bill Shourds, a member of the Fun After Fifty Club who will join other senior citizens in enjoying the Ninth annual Christmas party for senior citizens. Some 2,000 oldtimers are expected to attend the party on Friday, Dec. 19, at Gardiner Spring auditorium in Ontario. Alex McLeish is chairman of the event which is sponsored by the Kiwanis Club of Upland.

OUTDOOR CHRISTMAS PAGEANT - Plans are being completed for the Community Out-door Christmas Carol Sing and Pageant, by Henry Miller, associate pastor, and Stan Long, general superintendent of the Brethren For Christ Church. The Out-door activity will be held on Tuesday, Dec. 23 at 7:30 p.m. at the Brethren In Christ Church, 845 W. Arrow Highway, Upland. This outdoor live performance is sponsored by the Sunday School and it is hoped that it will become a traditional Christmas Activity for the Community, spokesmen said.

School Unification Being Considered

New state laws require that a unification proposal be made to the County District Organization before 1972 or the one large district plan will come to vote again.

Besides Upland, the Ontario-Montclair School Board has voted to ask for the possibility of splitting into at least two districts.

The county committee organization meets on call and Floyd Allen, president, Upland City School District Board is a member of the committee. He says Chaffey is one of only two districts in San Bernardino County without unification. The other is Victor Valley. It costs the boards money not to be unified as the state looks upon favor of unified districts and apportions more money to those districts that are unified.

The issue of school unification has come up again and the Upland City School District Board has voted to ask the County Com-

mittee on School District Organization to study the possibility of splitting the Chaffey Union High School District into at least two districts. The action by the board was taken at its Dec. 9 meeting and voted upon unanimously.

A meeting was held on Nov. 24 in Ontario by representatives of the ten districts in the Chaffey Union School District. It was decided at that time to let each board of trustees in the elementary districts decide what they wanted done and to tell the County Committee on School District Organization their wishes on unification.

The issue of unification comes up regularly as the state law requires the voters to act every matter is resolved either by unifying into one district or having the districts split into two or more unified districts.

If no action is taken by the elementary boards, the state will call an election in June, 1972

and the Chaffey Union High School District will be unified into one district with K-through twelfth grade under one superintendent and the elementary districts dissolved.

Unification in Upland could mean that the Upland City School District and the Cucamonga area districts could unify into one school district. Many say it would be geographically better than the one large district.

Chaffey Union High School District of which Upland High School is a member has 200 square miles and includes a high school district and nine elementary districts. Enrollment this fall shows a total of 39,056 in grades Kindergarten through twelfth.

Twice before an election on unification has been held, April, 1965 and April, 1967. Both times the vote was on one large district and the second time around showed the people more opposed to one large district than the first time.

CHRISTMAS DECORATIONS FOR VIETNAM - Students at Sycamore Elementary in Upland are shown making Christmas decorations for men in Vietnam. This was a joint effort between the schools and the Red Cross to make Christmas a little more pleasant. George Zimmer, fifth grade teacher, works with some of his students (L-R) Roxann Doenhoefer, Traci Weida and Mark Koury. Decorations were sent to Vietnam in early November.

WHERE'S SANTA? - Sycamore School first graders, Katie Poulos, Nicole Benerdine, and Ronnie Stroepe, wonder what happened to Santa, did he fall in the chimney, instead of arriving with a bound? The scene was part of a Christmas program presented for the parents for the December PTA meeting, held last week.

INDOOR GAMES MAKE BAD DAYS SUNNY!

Gloomy outside? Bad weather? Shelves filled with indoor games to play in poor weather are gifts of sunshine to enjoy year 'round! Active games or table-top quiet ones, all types break the ice when cousins arrive in a storm and need to thaw out. One sure way to take the chill out of the bones for both adults and youngsters is "Limbo Legs."

Ages: 7 to adult LIMBO LEGS Any number can play. Simple to set up, the limbo machine can be set fast or slow, high or low, and gets everyone jumping! Turn on the music, and the chilled feeling disappears when all the family and guests take a turn at jumping over the limbo rod. If you miss and touch the rod, you're eliminated. Last one in the limbo circle wins.

Ages: 6-14 OPERATION 1 or more players. Here's a good way for youngsters to have holiday fun and also acquire manual dexterity! Players are all "Doctors" operating on a cardboard patient with hilarious plastic ailments. The player removes the ailment with a pair of electric tweezers. One slip and a buzzer sounds! The patient's red nose lights up! ... even though he's a victim of a wish-bone!

boutique and dress their models! First one to dress her stand-up model wins. Popular as birthday and holiday gifts.

Ages: 4-8 CANDY LAND 2-4 players. So easy, Candy Land is a fine all-weather game for boys and girls not yet able to read or count. Players match colors to spaces on the boards and travel through Lollipop Woods and over Gum Drop Mountains to "Home Sweet Home." An excellent game for young suburbanites to have on hand when women get together for coffee and their pre-school children also need a togetherness game.

Ages: 7-4 KOOKY CARNIVAL 2 or more players. Everything but the cotton candy! Kooky Carnival is nine different and funny skill and luck contests in one game. Players go to the Carnival to try their skill on the midway and compete in a variety of stunts: the "Flip-Flop", the "Loose Juice", "Movin' Mouse", and many more.

ROSE SHOW WINNER -- Donald Jarvis, left, of Upland is congratulated by J. L. Seppi, vice president of Rose Hills Memorial Park, for growing prize-winning Old Garden Roses. Jarvis and his wife were among top winners in the Thanksgiving Rose Show held recently at the memorial park.

Consumer's Guide

How Competition Protects Customers

Here's something to think about from your Better Business Bureau. With only six percent of the world's population, and seven percent of the world's goods and services, why is America so productive? One reason is freedom — economic freedom.

We've been free to own and operate our own businesses, to keep the fruits of our labors, to make and sell products of our choosing. But whenever you have freedom, you must also have discipline. In America, competition is the discipline that protects the customer. If one company fails to meet peoples' needs, it will lose customers to companies that offer better price, quality or service.

The customer is also protected by the efforts of business to regulate itself. Aided by Better Business Bureaus, business and the communications media work constantly to make advertising and selling honest, informative and helpful.

SCE Pays 1st Tax Installment

San Bernardino County's largest taxpayer, Southern California Edison Company has paid \$5,628,075.70 as the first installment of its local property taxes for 1969-70.

The final installment will be paid April 10, bringing the total the investor-owned electric company is paying in ad valorem taxes in San Bernardino County alone this tax year to \$11,256,151.40. As in years past, about half of this money will go directly to the support of public schools in San Bernardino County, according to R.W. Bond, Edison Upland manager. He said that the grand total of Edison's 1969-70 property tax payments in 17 counties will amount to a record \$73,985,462.28. The first installment alone, being paid today, totals \$43,702,600.39.

Taxes of all types continue to represent one of the largest single items of expense to the electric utility company. About 18 cents out of every dollar Edison customers pay on their electric service bills goes to the tax collector at various levels of government, he said.

Area OBITUARIES

Emory M. Barkow

Services for Emory M. Barkow, 73, of 220 W. 25th St., Upland, were held last Friday at Stone Funeral Home, with entombment in Bellevue Mausoleum.

Mr. Barkow died Dec. 2 at San Antonio Community Hospital. The retired owner of Barkow Petroleum Products, he was born in Wisconsin and had lived in Upland 45 years. He was a member of the First Presbyterian Church of Upland, Ontario Elks Lodge 1419 and the Jonathan Club of Los Angeles.

Survivors include his widow, Dorothy; two sons, John of Upland and Richard of Mexico City; three stepsons, Charles R. Thompson of Highland, Leslie M. Thompson of Upland and Rodney G. Thompson of Gardena; and 11 grandchildren.

Lessie Rhoades

Services were held in Todd Memorial Chapel, Pomona, Dec. 2 for Lessie L. Rhoades, 71, of 9866 Pradera Ave., Montclair, who was drowned accidentally Nov. 28 in the Salton Sea.

Mr. Rhoades was born Feb. 8, 1898, in Ada, Okla. He came to California from New Mexico in 1939 and lived in Pomona until moving to Montclair in September. He was a member of the First Baptist Church, Pomona, and Healdton Lodge No. 23 AF&M in Healdton, Okla.

He leaves his widow, Mrs. Jewel Frances Rhoades; two daughters, Mrs. Venita M. Robertson of LaVerne and Mrs. Christine Emery of Elwood, Ind.; two brothers, one sister, and five grandchildren.

John A. Campbell

Services for John A. Campbell of LaVerne were held last Thursday in Todd Memorial Chapel, Pomona. Mr. Campbell, 86, died Nov. 30 in Pomona Valley Community Hospital.

Born in Salt Lake City, he had lived in California some 50 years. Survivors include two granddaughters, Mrs. Jean Ruth Wannell of Los Angeles and Mrs. Christine Edith Merritt of Encino; a grandson, Edward Martin Nelsen Jr. of Mission Hills; and five great-grandchildren.

Bertha G. Dinger

Services for Bertha G. Dinger of 549 E. Ninth St., Upland were held Monday at Stone Funeral Home, followed by private cremation. She died Dec. 2 at San Antonio Community Hospital at the age of 88.

Born in Huron, S.D., she had lived in Upland 60 years. A retired packer for Upland Lemon Growers, she was a member of the First United Methodist Church of Upland and Wisteria Rebekah Lodge 346, Claremont.

Survivors include a brother, John Greenfield of Fresno, and several nieces and nephews.

Increased Sales Told

A three per cent gain in Southern California real per capita sales has been reported by Security Pacific National Bank.

Taxable retail sales volume expanded from \$7.1 billion during the first half of last year to \$7.8 billion during the first six months of this year, registering a 9.3 per cent advance before population and cost-of-living adjustments by the bank's Economic Research Department.

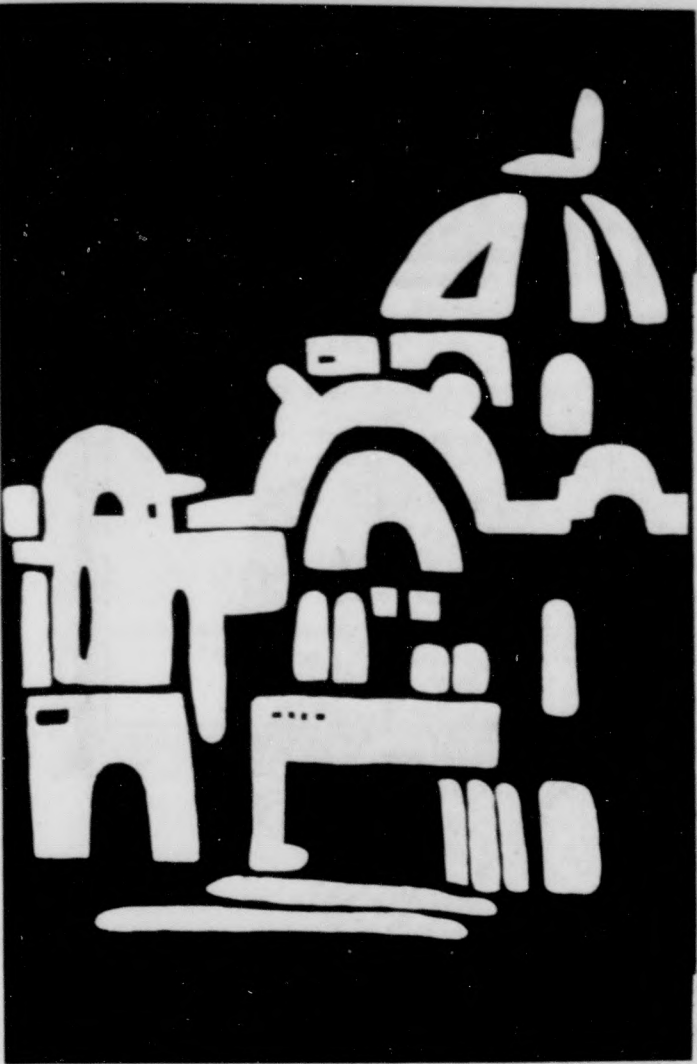

The Southland's 10 southern counties accounted for \$11.2 billion of an estimated \$18.9 billion in total retail sales throughout California during the first half of this year. (Taxable sales comprise about 70 percent of total sales, Security Pacific reports)

SACRAMENTO'S GOLDEN DOME -- This impression of the State Capitol Building at Sacramento is one of a group of acrylic abstracts, cartoons, sketches and water colors by Gerri Jenkins, secretary to State Assemblyman Larry Townsend, now on view at the California Museum of Science and Industry, Exposition Park, Los Angeles. The showing will continue through Sunday, Dec. 28.

For And About Teenagers

THE WEEK'S LETTER: "I am one of several teenage girls who worked at a drive-in where the owner had wandering hands and a dirty mouth as well. Some of us need to earn money for our school clothing and expenses, but how do we let this older man, who has a wife and children as old as we are, know that such behavior is hated and repulsive, without losing our chance to earn money? When a girl leaves because of his actions, he makes untrue and unbecoming remarks about her. Are other men who hire younger girls like this?"

OUR REPLY: All men who hire young girls are not the same. The simplest thing for you to do is to seek employment elsewhere. There are other places and more pleasant ways to earn the money you need for school and other expenses. Warn your friends who might seek employment at the drive-in about the price they will have to pay if they work there. If help becomes difficult to find, maybe the owner will get the message. But, we doubt it. He's old enough to know better already.

If you have a teenage problem you want to discuss or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, COMMUNITY AND SUBURBAN PRESS SERVICE, FRANKFORT, KY.

Your Children will love the Lovables

It will be fun for your child to save when he has one of these personality coin banks as a cheerful little companion.

Each of the "Lovables" has his delightfully distinctive personality. They are beautifully colored and decorated.

Let a "Lovable" start your child on a career of thrift—Make saving fun.

Drop into any of Inland Bank's three offices to see the colorful display of these charmers and select one for your child. Or, let your small fry pick his or her own saving playmate. They are so personable they may persuade you to take home more than one. They will also make nice Christmas gifts. Only \$1.25 each.

Listen To This Idea

This is the time of year to be thinking of recordings as gifts. And that could be better than visit your nearest branch library, select records of your choice, take them home and play them, then decide what you would like to buy for a friend or relative. You will have the pleasure of playing the record, as well as making a gift selection.

Twelve county branch libraries have record collections, and patrons can go to a nearby branch which has records, or can check the record catalogs at any branch library.

All twelve branches now have a good supply of Christmas music. Seven branches, Montclair, Fontana, East Base Line, Alhambra, Yucaipa, Barstow, and Victorville, now have rotating collections in addition to basic collections.

Five other branches, Big Bear Lake, Chino, Redlands, Trona, and Westmont, have recently received a new group of Christmas music records which should be welcome at this time of year.

R Signal Money Okd

The California Public Utilities Commission has located San Bernardino County \$11,152, Montclair \$1,375, and Upland \$898 to assist in paying for approved protection at our grade crossings of highways with the track of the Santa Fe railroad. Upland's allocation, and part of San Bernardino's allocation, is for the 1968 installation of two flashing light signals at Johnson Avenue. Previous protection had been by two crossing signs.

Montclair's allocation for replacing two flashing light signals with automatic crossing gates supplemented by four flashing light signals at Central Avenue. The installation was made in November, 1968.

The rest of the county's allocation is for work at Cherry Avenue crossing east of Etiwanda Avenue and at First Street and Cherry Avenue. The Cherry Avenue protection is installed in July, 1968, and the work at First Street is not yet completed.

In each case, the PUC allocation pays half the cost of the county's share of the installation. The railroad, and in some instances other utilities, also shared in the cost.

The PUC allocation comes from the crossing protection fund established by the legislature and cities and counties are providing improved protection at hazardous highway-railroad crossings.

Better skills build better careers.

U.S. Army Reserve.

Chaffey Lists 2 New Real Estate Classes

ALTA LOMA - Two additional real estate offerings have been approved by the Chaffey College Advisory Committee for the spring semester.

Recommended for approval by the college and the board of trustees were

Real Estate Brokerage Administration, a new course, and Tax Factors in Real Estate.

Considered by the committee as the best available qualified instructor for the new course was Philip Yeager, Covina. Yeager is Education

Committee chairman for the 26th District of the California Real Estate Association.

The Chaffey Advisory Committee called upon the college to cooperate with area sister colleges in announcing advanced or infrequent real estate offerings.

Liquid Bread

As civilization spread throughout Europe, people called beer "liquid bread" because the materials—grain, water and yeast—and the processes in making bread and brewing beer are so similar.

Drive Ed May Save Money

High school students enrolled in driver education courses may find they gain more than good driving habits and professional training.

They may also stand to wind up with a discount on their auto insurance premiums, reminds the Insurance Information Institute.

Based on the research-supported theory that those who complete an approved driver education course will be less likely to have accidents than non-trained motorists, discounts are available in every state.

They vary, but go as high as 15 percent of the premium.

If you're enrolled in such a class, don't forget to check on possible premium savings.

If you're not enrolled, sign up next semester. It may save you money.

Local SPORTS

CROSS COUNTRY - Alta Loma High cross country members receiving special recognition are, from left, Mike Stakley, co-captain; Stan Schowalter, most inspirational; Steve Seidel, most valuable frosh-soph; Jose Mora, most valuable JV; Mark Van Alstine, co-captain; and Delfino Estrada, most valuable varsity.

Boosters Honor 2 AL Teams

WATER POLO - Among team members at Alta Loma High who were honored are Bill Westphal, kneeling, most valuable player; Eric Jones, right, most inspirational; and Shawn Busch, center, and Steve Cooke, both also selected as most valuable player.

The Alta Loma Athletic Booster Club has sponsored a dessert to honor cross country and water polo team members.

Jon Rickard, water polo coach, presented varsity letters to: Ron Ellingson, Eric Jones, Pete Laub, Larry Nau, Shawn Busch, John Ellingson, Dan Cassidy, Bill McIntosh, Richard Hofer, Glenn Thompson, Bill Bolin, Dan Myers, and Greg Green.

Brad Hill, Steve Cooke, Dan Rousseau, Chris Reaves, Lester Davies, John Holley and Bill Westphal received "B" letters. Roy Dailey, John Hamilton, Mark Hendrickson, Chris Rose, Junior Sarratt, Dell Fischer, and Cliff Grotjohn received "C" letters.

Plaques were presented to captains Shawn Busch, Brad Hill, and Bill Westphal.

The honor of most valuable team player was bestowed on Shawn Busch, Steve Cooke, and Bill Westphal.

Eric Jones was most inspirational team member.

Alan Rhodes, Cross Country Coach, presented varsity letters to: Dave Dewees, Delfino Estrada, Erik Hartman, Glen Silva, Mike Stakley, Mark VanAlstine,

Highlanders Grab Tourney Trophy

Upland High School was not supposed to be any threat to the championship of the 10th annual Upland - Montclair Basketball Tournament, but pulled the upset of the year when they walked away with the trophy.

It was doubtful that they would achieve their goal for a while as they were down by four points but managed to knot the score at the sound of the buzzer.

In the overtime period, the Highlanders once again found themselves four points behind, but Louie Engle tied the score with a jumpshot and two free-throws. Engle was the top Scot as he dropped in 25 points, but had to share the honors with Gary Hearnly of Charter Oak.

The winning margin came on a freethrow by Frank Harris with six seconds remaining on the scoreboard.

It seems ironic that Upland would win a thriller after they lost to Chaffey High in three overtimes just two weeks ago. However, Coach Paul Trautwein would rather see his team win by a larger margin. If these two games are any kind of evidence of what the rest of the season is going to be like, the school will make money on the huge attendance and the local pharmacy will make money off Trautwein's tranquilizers and ulcer pills.

Leonard McDonald was the only other Highlander in double figures with 15 points, but also added eleven rebounds.

Richard Weaver, and Mark Breyman.

JV letters were presented to: John Ayala, Lupe Espinoza, Ron Gill, Steve Hansen, Dave Jones, Don Jones, Steve Kowalski, Tom Learned, Jose Mora, Fernando Oliva, Richard Schlereth, Stan Schowalter, and Randy Stone.

Mike Dacollas, Jacinto Espinoza, Steve Seidel, Feliceto Hernandez and James Downtain earned frosh-soph letters.

Special honors were awarded to Delfino Estrada, most valuable varsity; Jose Mora, most valuable J.V.; and Steve Seidel, most valuable frosh-soph.

Mike Stakley and Mark VanAlstine were presented plaques as co-captains. Most inspirational cross country winner was Stan Schowalter.

Panthers Host 29th Annual Invitational

The Chaffey College Panthers are hosting the 29th annual Chaffey College Invitational Basketball Tournament. The four-day Tourney started yesterday and will continue until Saturday. The top-seeded teams are Pasadena, Phoenix, who whipped everyone including a strong Fullerton team, and Fullerton.

The dark horse, for those betting people, is either Riverside or Citrus, Orange Coast and Mt. San Antonio also have excellent teams.

The host-team, the Panthers, will be out to win their first game of the season, but things do not look good as the Panthers drew Pasadena as their first game.

The Tourney is the oldest Junior College event with only the Modesto Classic being nearly as old. It is also one of the most

sought-after titles, with as many as 17 teams on the waiting list. This year Pasadena will replace Compton, as Compton-Chaffey relations have been severed due to a player involvement.

In its last outing the Panthers fell to the mighty Mounties of MSAC 79-63 last Saturday night. Chaffey has experience problems this year with only one returning letterman and have suffered nine straight setbacks.

The Chaffey cagers kept the game close through the third period and held a 52-51 lead with six minutes remaining. But the Mounties ripped off 16 straight points to ice the game.

Panther Press Sweeps First Slalom Event

The Panther Press racing team took a clean sweep in the first slalom event of the year sponsored by the Chaffey College Sports Car Club, which also had members entered.

The winning combination was Chad Wight, 1:33.5, Bob Milmack, 1:36, and Terry McCaffrey, 1:36.75.

There were two divisions, one for sports cars and one for domestic cars. The three-quarter mile course was a series of esses and figure eights, with three pylons to be circled. Because of the tightness of the course, it was necessary to create a separate division for American cars.

Tops in the domestic car division was Larry Johnson with a time of 2:00.9, in a corvette.

"The next event by the Car club will be a rally in which the first forty finishers will receive a prize," says adviser of the club, Floyd Shannon.

CLUB SPEAKER - Race driver Roger Ward was scheduled to speak at Tuesday's meeting of the Upland Kiwanis Club. Ward is director of special activities for Ontario Motor Speedway, is a two-time winner of the Indy 500 and was the U.S. Auto Club's all-time point leader when he retired after the 1966 race in Indianapolis.

NOTICE OF TRUSTEE'S SALE
01-1-643

No. 98C-398

On January 1970, at 11:30
A.M., Imperial Bank, a Cali-
fornia corporation as duly ap-
pointed Trustee under and
pursuant to Deed of Trust dated
July 15, 1968, executed by
Robert Wayne Craycraft, hus-
band and wife and recorded
July 23, 1968, as Instr. No.
117, in book 7063, page 951,
of Official Records in the of-
fice of the County Recorder
of San Bernardino County,
California, WILL SELL AT
PUBLIC AUCTION TO HIGHEST
BIDDER FOR CASH (payable
at time of sale in lawful
money of the United States)
at the North entrance to the
San Bernardino County Court-
house, city of San Bernardino,
State of California.

All right title and interest
conveyed to and now held
by it under said Deed of Trust
in the property situated in said
County and State described as:

Lot 2, Tract No. 5347, in the
county of San Bernardino,
state of California, as per plat
recorded in book 66 of Maps,
pages 11 and 12, records of
said county.

Said sale will be made, but
without covenant or warranty,
express or implied, regard-
ing title, possession, or en-
cumbrances, to pay the re-
maining principal sum of the
note secured by said Deed of
Trust, to-wit: \$14,605.30, with
interest from March 1, 1969

as in said note provided, ad-
vances, if any, under the terms
of said Deed of Trust, fees,
charges and expenses of the
Trustee and of the trusts cre-
ated by said Deed of Trust.

The beneficiary under said
Deed of Trust, by reason of a
breach or default in the obli-
gations secured thereby, hereto-
fore executed and deliv-
ered to the undersigned a
written Declaration of Default
and Demand for Sale, and writ-
ten notice of breach and of elec-
tion to cause the under-
signed to sell said property to
satisfy said obligations, and

thereafter, on September 2,
1969, the undersigned caused
said notice of breach and of
election to be recorded in book
7295, page 940, of said Official
Records.

Date: December 3, 1969
Imperial Bank,
as said Trustee,

DEBTOR'S DECLARATION
STATE OF Ohio
COUNTY OF Cuyahoga ss.
I, Peter Van Oosterhout,
President of GROWTH IN-
TERNATIONAL INDUSTRIES
CORP., the debtor, identified
as such in the Notice to Cred-
itors on the reverse side here-

of and hereby incorporated
herein by reference, do here-
by declare:

1. That all of the state-
ments contained in said Notice
to Creditors are true and
correct; and

2. That the list of business
names and addresses used by
said debtor within three years
last past, appearing in said
Notice to Creditors, is full,
true and correct and contains
all of such business names and
addresses used by said debtor
during said period.

EXECUTED at Cleveland,
Ohio this 1st day of December,
1969.

I declare under penalty of
perjury that the foregoing is
true and correct.

Your Children will love the Lovables

It will be fun for your child to save when he has one of these personality coin banks as a cheerful little companion.

Each of the "Lovables" has his delightfully distinctive personality. They are beautifully colored and decorated.

Let a "Lovable" start your child on a career of thrift—Make saving fun.

Drop into any of Inland Bank's three offices to see the colorful display of these charmers and select one for your child. Or, let your small fry pick his or her own saving playmate. They are so personable they may persuade you to take home more than one. They will also make nice Christmas gifts. Only \$1.25 each.

Sponsors Film Debut

"It's not often that a service club in a small city has the privilege of sponsoring the area-premiere showing of a great, new motion picture.

But the first Pomona Valley presentation of the 20th Century Fox film "John and Mary" was screened Wednesday evening, under the exclusive sponsorship of the newly chartered Ontario Breakfast Lions Club.

Collaborating with the club was the management of Cinema I and II at the Montclair Plaza, which was host for the gala event. Notable film stars arrived by helicopter, and after the film, there was a refreshment hour in

Cinema I lobby, hosted by the Breakfast Lions. All proceeds over and above costs will be used to further the localized efforts of the Breakfast Lions in its Aid-to-the Blind program. All ticket purchases, therefore, are income-tax deductible.

Gets Velvet Gloves

Like milk, beer has such a delicate make-up that it must be handled carefully and kept free of all impurities by the breweries. Beer packaged in bottles or cans is protected by pasteurization.

Japanese Artist

One of Japan's leading artists, Sadao Watanabe, is currently exhibiting his work in the main gallery of the Pomona Public Library.

Working primarily with Biblical themes, Watanabe has become one of the world's famous masters of katazome, an art form in which the picture is dyed instead of painted or block printed.

College's Grant Awarded By S-R Foundation

Federal grants totaling almost \$44,000 for continued participation in a work-study program have been approved for Cal Poly Pomona, LaVerne College and Mt. San Antonio College.

The grants were announced by Rep. Glenard P. Lipscomb. The money

was approved by the U.S. Office of Education to help finance the College Work-Study Program author-

ized by the Higher Education Act of 1965. Cal Poly received \$36,427. LaVerne College received \$4,900.

727s Purchased For Lease

SAN DIEGO - J. Floyd Andrews, President of Pacific Southwest Airlines (PSA), has announced the purchase of two Boeing 727-200 aircraft for subsequent lease to All - Nippon Airways (ANA) of Japan.

Andrews said the two new 178-passenger jetliners will replace two of PSA's Boeing 727-100s currently on lease to ANA. Three new Boeing 727-200s are presently on order by PSA for lease to ANA and delivery of

the first aircraft is expected this month. "When final delivery is made in April, 1970, ANA will have five Boeing 727-200s leased from PSA," Andrews said.

PSA has been active in the aircraft leasing field since early this year when the airline began phasing out the smaller Boeing 727-100 in favor of the long-bodied Boeing 727-200. Currently, PSA leases six Boeing 727-100s and one DC-9-30 to other airlines.

In 1968 on Christmas Day 355 persons died in traffic accidents, says the Greater Los Angeles Chapter - National Safety Council, 12,000 more suffered disabling injuries.

They Said It Like This...

Every man's work is always a portrait of himself.

SAMUEL BUTLER
1835-1902

New Way To Less Costs

Douglas Carter, manager of the Pomona district office of the Social Security Administration, states that 26 Southern California hospitals will soon begin to test a new method of payment for services with built-in incentives to cut costs and improve management efficiency.

The experiment will involve payments under Medicare, Medicaid (called MediCal in California), and the Southern California Blue Cross.

Under a contract between Social Security and Blue Cross of Southern California, the 26 selected hospitals, chosen as representative of all

Southern California hospitals, will be paid for services furnished Medicare beneficiaries under the new incentive system over a 3-1/2 year period.

The new method of payment in the Southern California experiment will also apply for services furnished Medical Beneficiaries and members of the Southern California Blue Cross Plan, under a separate contract.

Carter said the Southern California and Connecticut experiments, and others now being developed, are intended to find ways to get more value for the dollar spent on health care -- to provide incentives to efficiency and economy and at the same time maintain a high level of quality care.

Under the experiment to be conducted in Southern California, each hospital department will have certain production standards to meet and will be rewarded for any reduction in labor costs for the current year as compared with the previous year.

Carter noted that sharing these savings with the hospitals that achieve them will encourage hospital management to develop and implement effective labor cost control procedures.

The incentive payment that each hospital receives will reflect its own improvement in reducing labor costs. Medicare, MediCal, and Blue Cross of Southern California will each be responsible for a part of the incentive payment, the share for each to be based on the ratio of the respective program's patient days to total patient days.

The experiment will be carried out by the Commission for administrative services in hospitals, which will work under general direction of Blue Cross of Southern California.

Gun-Act Changes

It no longer is necessary for dealers to keep records of certain ammunition sales, the Internal Revenue Service said today.

Newly enacted legislation eliminates the need for dealers to keep record on sales of shotgun ammunition, ammunition suitable only for use in rifles, and component parts of these types of ammunition. Purchases changeable between rifles and handguns, such as .22 caliber rimfire ammunition, continue to be subject to the record keeping

requirements. Previously, the Gun Control Act of 1968, required records for all ammunition sales.

IRS stressed, however, that no other aspect of the act, which is administered by the Alcohol, Tobacco and Firearms Division of the IRS, was changed by the legislation.

ITEM: Blisters usually form on exterior varnish doors when the top is not properly finished. The bottom may also absorb water from rain or snow. Painting will help blistering in both cases.

Thomasville

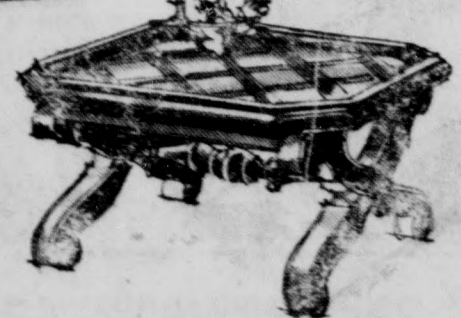

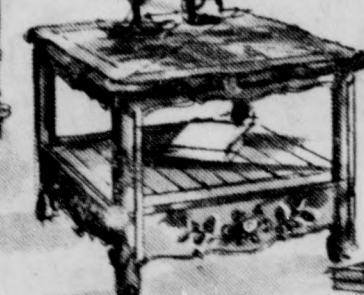

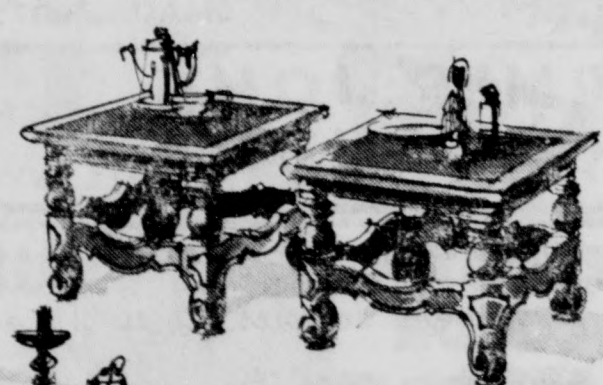

Treasure trove for table hunters, here in French country style...

CHATEAU PROVENCE by Thomasville

Occasional furniture for all sorts of uses and places! End tables, lamp tables, commodes. Cocktail tables, long and low or small for bunching. A game table with a flip-open top for dining. A cabinet to grace your wall. All from Thomasville's Chateau Provence collection with the informal elegance that tells of French provincial inspiration—and blends with so many styles. All skillfully crafted with crisp carving, parquet inlays. Some pieces with Glenstone composition tops. Wormy oak veneers and oak solids are finished in mellow Vintage. Some pieces are in French-fashion colors: Calais White; Faded Yellow; Brittany Blue. Come do your table hunting here.

A fine Barwick Grandfather Clock, by Howard Miller, belongs to a family dynasty—signifying a family's inheritance upon excellence, hour after hour, generation after generation. And the cost of Barwick perfection is surprisingly low. Close to 100 years and we are Barwick's 100th anniversary. "Grandfather Clocks no fine, they're registered."

Coffee Safety Break

If you plan to be driving during the Christmas or New Year's holidays, take a tip from Santa, the safest driver of them all. Stop often for coffee rest breaks.

To help insure drivers heed the advice, restaurants across the country will again serve free coffee during peak traffic hours of both weekends as the incentive to get tired drivers off the highways.

It's all part of the National Coffee Safety Stop Program's annual free coffee break campaign to help cut traffic crashes. Stopping for coffee in the bright surroundings of a restaurant gives the driver a chance to offset the deadly hazards of fatigue, drowsiness, and many of the pressures which accompany long drives on crowded holiday highways.

The campaign is the cooperative effort of The International Association of Chiefs of Police, the International Bridge, Tunnel and Turnpike Association, the American Association of Motor Vehicle Administrators, and the National Coffee Association, state restaurant associations, and public safety officials in every state.

Participating restaurants some 15,000 are expected to serve free coffee this year — contribute coffee at their own expense as a public service. Secretary of Transportation John Volpe is honorary chairman of the 1969-70 accident prevention campaign.

So look for the free coffee sign which participating restaurants will be displaying and stop for safety's sake. If you don't see one, stop and buy your own coffee. The rest will help keep you alert and alive to enjoy the new year.

Cheese Ball Appetizers
2 packages (3 ounces each) cream cheese, softened at room temperature
1 tablespoon horseradish
1/4 cup finely chopped dried beef
1/2 cup potato chip crumbs
1/2 cup finely chopped fresh parsley

Blend the cream cheese and horseradish together until smooth. (If mixture is a bit stiff, then add a teaspoon milk). Then add the dried beef and potato chip crumbs and combine thoroughly. Chill mixture until cream becomes stiff. Then form into 24-26 small balls. Roll in the chopped parsley and serve on frilled toothpicks. Makes about 24.

Discipline Topic For Personnel

The Personnel Association heard the director of personnel at General Telephone Company discuss "Constructive Approach to Discipline" at a meeting Wednesday at the Claremont Faculty House.

Next month's meeting will be held on Jan. 17 at the Pomona Valley Inn. The installation of officers is scheduled.

Anyone interested in personnel work may attend any of the meetings. Reservations should be made by calling Kay Riddell at (714) 629-9811, Ext. 803.

Shoppers: Be Mean To Thieves

Christmas shopping often entails driving from one shopping area to another, making purchases at each stop.

Since a car loaded with packages in the front or back seats is in effect an open invitation to roving thieves, the Insurance Information Institute offers these hints to insure that the right person gets your Christmas gifts.

Always lock your door even if you'll only be away from the car for a few minutes.

Be sure all windows are closed.

When you leave the car, put your packages in the trunk and be sure it is locked. Don't tempt thieves by putting your parcels on display inside the car.

Assuming that personal belongings - and Christmas gifts would fall into this category - are stolen from your car, your loss may be covered if you carry a personal property floater insurance policy or if you have a homeowners "package" policy.

But keep in mind that depending on the type of insurance purchased, thefts of personal property from a motor vehicle or trailer - other than a public conveyance such as a bus or a taxicab - may be covered only if the thief forces the vehicle open while all doors, windows and other openings in the car are closed and locked.

Interesting Date

INDIO - Amir Hajj, Maktoom and Okht Freemy may sound like words banded about the Sultan's Court, but they are really the names of some of the many varieties of dates to be displayed at Riverside County's National Date Festival Feb. 13 - 23, at Indio.

Spectacular date feature exhibits fashioned in the festival's Arabian Nights theme will be displayed in the big Taj Mahal building.

Many rare date palms grow in the garden promenade along the main midway of the 140-acre grounds. These palms come from Arabia, Iraq, Pakistan, Algeria, Egypt, and Tunisia and produce rare dates with such odd names as Tadhala, Ashag, Sebba Loosif, Kalby, Az-mashi, Oogbales, Khadrawy and others.

Christmas: Better Safe Than Sorry

Fall and Winter mean holidays and holidays mean parties, decorations and Christmas trees.

To keep your holidays joyous, the Insurance Information Institute offers these fire safety tips: Keep the tree away from fireplaces, radiators and heaters. Place it in a water stand and water it daily.

Use only flameproof decorations. Don't set up electric trains or similar equipment around or near the tree.

Check sockets and wires of tree lights to see that they are in good condition.

Place the tree so that its lights can be turned on and off from a switch located away from the tree.

Don't leave tree lights burning while away from home. Don't overload electrical outlets.

When putting up decorations and lights, use a balanced ladder - never a box, bench or chair.

Teach your children the importance of observing these safety precautions.

Area OBITUARIES

Elvera Ernest

Services for Mrs. Elvera L. Ernest, 47, of 6355 N. Garnet Ave., Alta Loma, have been held in Truman, Minn., following her death Dec. 5 at San Antonio Community Hospital. A registered nurse, she was born in Minnesota and had lived in Alta Loma three years.

She attended St. Marks Episcopal Church, Upland.

Survivors include her husband, Robert W. Ernest; two sons, Peter Hanson of San Francisco and John Hanson of St. Paul, Minn.; her parents, Mr. and Mrs. Walter Wilke of Truman, Minn.; a brother, Del Wilke of Lewisville, Minn.; and two sisters, Mrs. David Thayer of Faribault, Minn. and Mrs. Richard Jennings of Bloomington, Minn.

Miss Dorothy N. Thomas of Pomona; a son, J. Milo Thomas of Ontario; and two grandchildren.

Fern Lambson

Services for Mrs. Fern Lambson, 70, a 2 1/2-year resident of Cucamonga, were conducted Dec. 13 at Greenwood Mortuary, San Diego, followed by interment in La Vista Memorial Park in Chula Vista.

Born in Michigan, Mrs. Lambson attended the First Southern Baptist Church of Cucamonga before moving to Mojave, Ariz. She died in Mojave Dec. 7.

Survivors include her husband, Royce; three

sons, Dale of Sunnyvale, Eldon of Lodi and Gene of Cucamonga; three daughters, Mrs. Iris Freeman of Citrus Heights, Mrs. Marian Smith of El Cajon and Mrs. Vada Clayton of Long Beach; 18 grandchildren and nine great-grandchildren.

Phyllis Murphy

Services for Mrs. Phyllis C. Murphy, 70, of 7350 Lion St., Cucamonga, were held Tuesday at the Church of Jesus Christ of Latter-Day Saints, Upland, with interment in Bellevue Cemetery.

Mrs. Murphy died Dec. 13 at San Antonio Comm-

unity Hospital.

A retired saleslady, she was born in Missouri and had lived in Cucamonga and Pomona 30 years. She was a member of the LDS Church in Upland, second ward, and of the church's Relief Society Organization.

Survivors include her husband, Luther; a son, Master Sergeant Edward Harton, serving with the U. S. Army in Germany; two step-sons, Carl T. Murphy of Phoenix and Milton C. Murphy of Tacoma, Wash.; two daughters, Mrs. Fred Mikesell of Ontario and Mrs. Fred Burch of Phoenix; two step-daughters, Mrs. Charles Richardson of Upland and Mrs. Charles

Alexander of Santa Ana; a sister, Miss Dorothy Rahar of East St. Louis; a brother, George Rahar of Belleville, Ill.; 21 grandchildren and 13 great-grandchildren.

Lester Barr

Services for Lester F. Barr, 53, of 1043 E. Gladstone St., La Verne, were held last Saturday in Todd Memorial Chapel, Pomona, followed by private entombment in Pomona Mausoleum.

Mr. Barr died Dec. 11 at Pomona Valley Community Hospital. Born in Milton, Wis., he had lived in La Verne 18 years.

Mr. Barr was owner of Barr & Son Painting Contractors and member and past president of the Pomona Valley Aquarium Society, and member of the Tri-City Aquarium Society, the Western Betta Society and the Long Beach Aquarium Society.

Survivors include his widow, Betty, a son, Bruce of La Verne; two sisters, Mrs. Marshall Phillips of La Verne and Mrs. Pauline Jeffries of Chicago; and a brother, Lloyd of Chicago.

Drive with reason this holiday season. You may be giving someone their life. The Greater Los Angeles Safety Council says you can't give a more appreciated gift.

HERE'S SNOOPY... Sharp-eyed metallographers at the Atomic Energy Commission's Oak Ridge National Laboratory, Tennessee, spotted Snoopy during a routine examination of a used reactor fuel plate specimen. He was noticed first an unusual speck, then magnified 700 times for the reproduction above.

Vidal Acosta

Mass for Vidal D. Acosta of 9643 W. Eighth St., Cucamonga, was celebrated Dec. 12 at Our Lady of Mt. Carmel Catholic Church, with interment in Bellevue Cemetery.

Mr. Acosta, born in Terlingua, Tex., had lived in Cucamonga 23 years and was a member of Our Lady of Mt. Carmel Catholic Church.

He is survived by his widow, Matilde; two daughters, Mrs. Manuel Aragon and Mrs. Irwin Suesserjan, both of Cucamonga; four sisters, Mrs. Natividad Najur and Mrs. Marciano Mirellez of Carlsbad, N. M. and Mrs. Celso Martinez of Pecos, Tex.; and seven grandchildren.

William Gordon

Services were conducted last Wednesday for William Gordon, 81, of 50 E. G St., Upland. Mr. Gordon died Dec. 8 at Arlington Convalescent Hospital.

A retired plumber, Mr. Gordon was born in Glasgow, Scotland, and had lived in Upland 12 years. He was a member of the First Presbyterian Church of Upland, Masonic Lodge "Progress Dundee" No. 967 F&AM, Dundee, Scotland, Clan MacGregor No. 106 Order of Scottish Clans in Yonkers, N.Y.; life member of the YMCA of Westchester County, N.Y.; and staff sergeant (military foreman of works) in the British Army during World War I.

A private cremation followed the service at Stone's Funeral Home.

Survivors include his widow, Margaret, of Upland; three daughters, Mrs. George Johnson of Babylon, Long Island, N.Y., Mrs. C. Wilson of New Milford, N.J., and Mrs. George Macrae of Arlington, Va.; two sisters, Mrs. Ann Wallace of Australia and Mrs.

Thomas Beard

Services for Thomas Beard, 84, of 2523 N. Mountain Lane, Upland, were held last Wednesday at Stone Funeral Home. Interment was in Bellevue Cemetery.

Mr. Beard died Dec. 6 at Arlington Convalescent Hospital. A retired employee for Armstrong Nurseries, he was born in Magazine, Ark., and had lived in the Upland-Ontario area 42 years.

He is survived by a son, Orba of Upland; four brothers, Wesley of Paris, Ark.; Herbert of Cabot, Ark.; and Omar and Floyd, both of Hesperia and Mrs. Mary Hawk of Carlton, Tex.; and one great-granddaughter.

Elsie Thomas

Services for Mrs. Elsie May Thomas, 85, of 9333 Alta Loma St., Alta Loma, were conducted Dec. 10 at Richardson-Peterson Chapel, with interment in Bellevue Cemetery.

Mrs. Thomas died Dec. 8 at Alta Loma Convalescent Hospital. A housewife, she was born in Iowa and had lived in Ontario 33 years.

She is survived by two daughters, Mrs. Thelma Barr of Bloomington and

Liberal Arts MA Listed

A master of liberal arts program has been announced by the University of Southern California, with courses leading to the degree to be offered for the first time this February.

Classmates already signed up include the medical director of a large aircraft manufacturer, an attorney for the U. S. department of Labor, the chairman of the department of anesthesia for a large Southland hospital, a well-known staff writer for a metropolitan Los Angeles newspaper, a medical secretary, real estate appraiser, physical therapist, engineer and several housewives. Among those already admitted, ages range from 31 to 60.

Enrollment continues for the program, which is structured for adults who would like to return to the campus, enjoy a culturally enriching experience, do it on a part-time basis and, finally, earn an advanced degree.

From 20 subjects offered, early applicants for the program were asked to indicate their choices in order to provide a beginning curriculum, which will include two courses in the humanities, one in social science and one in physical science.

Accordingly, the four choices to be offered beginning with the spring semester will be:

- American Fiction Since World War II, to be taught by James H. Durbin, of Los Angeles (90036), USC associate professor of English and Comparative Literature.
- Contemporary Religious Thought, which will be instructed by Dr. John E. Cantelon of Palos Verdes Peninsula, director of USC's School of Religion.

Three Articles

CLAREMONT - Harry Neumann, professor of philosophy at Scripps College who currently is completing a special sabbatical leave for the first semester of 1969-70, will have three articles published in early 1970, in addition to six which have been published this year. The Permanent War of Students and Teachers will appear in the January, 1970, issue of "The Journal of General Education." "The Philosophy Forum" will carry Neumann's "Law and the Human Condition" in its March, 1970, publication, while "School and Society" plans to publish his "Education or Propaganda? The Contemporary Crisis of Humanistic Studies" in early 1970.

Oral cancer is one of the most easily detected and potentially curable of cancers, according to the American Cancer Society. Any unusual sensation, pain, swelling or other abnormality in the oral region, the tongue or lining of the throat should be called to the attention of a doctor.

-- Psychological Sources of Social Disorders, taught by Dr. Albert E. Ross of Culver City, a clinical psychologist.

--Influences of Astronomy in Western Culture. The teacher for this course has not yet been announced.

Leading to the Master of Liberal Arts degree, the USC-MLA program will not lend itself as preparation for specific vocations or professions; rather, to personal enrichment through liberal studies.

Admission is based on a baccalaureate degree and strong evidence of scholastic capability. No graduate record examination will be required and the program does not have either a language or thesis requirement.

Each class will meet one night each week from 7 to 9:40. Most of those enrolled in the program will take only one course; a few will elect to take two.

Twenty-eight units of work will be required, culminating in a creative project which will enable the candidate to record his best critical thinking on a problem on contemporary civilization.

This project will, in effect, be his thesis. It is estimated that

most of the candidates for the new USC degree will complete their work in three years, according to Dr. Paul Hadley of Glendale, Dean of USC's University College, which will administer the program.

Cost of work for the degree will be \$60 per unit. Inquiries about the

MLA program should be directed to Harold Medley of Pasadena, coordinator of USC's Extended Day Program. Interested persons may write to Mr. Medley in care of USC's University College, University Park, Los Angeles 90007, or call him at 746-2642.

175 POMONA MALL EAST — NA 2-2532
The Store That Confidence Built

Savory Liver Skillet
1 pound thinly sliced liver, cut in strips
2 tablespoons flour
1/2 medium green pepper, sliced
1 medium onion, sliced
1/4 cup shortening
1 can (10 3/4 ounces) condensed tomato soup
1/4 cup water
1 to 2 thin slices lemon, cut in quarters
Dust liver with flour. Brown with green pepper and onion in shortening. Add soup, water, and lemon. Cover; cook over low heat 30 minutes or until liver is tender. Stir often. Makes 4 servings.

Tops Of The List

"Ski France," a lengthy, (over five feet) but concise guide to the pick of French ski resorts, has been published by Air France for the 1969 - 70 winter sports season.

The colorful brochure, done up in the shape of a ski, measures 63 inches long by 4 inches wide. It includes the latest facts on locations, facilities, accommodations, prices

and lots more on 24 top Alpine resorts.

The brochure is available from Air France, Box 707, New York, N.Y. 10011.

ATOM RESEARCH -- Dr. Richard A. Foss, assistant professor of chemistry, Pomona College, is shown working with scientific equipment in Seaver Laboratory on campus, which will be his research center next summer, when he will be studying the reactions of photochemically-produced hot hydrogen atoms, under a grant from Research Corporation.

Campaign Chief For Unruh

SAN BERNARDINO -- Following last week's announcement that Assemblyman Jesse Unruh will seek the Democratic nomination for Governor in 1970, local democratic leaders have mobilized for the campaign.

San Bernardino County representative for the forthcoming Unruh campaign is attorney Matthew M. Kearney, member of the firm of Kearney, Miller & Connor. Kearney is a member of the San Bernardino County Democratic Central Committee and president of the Grand Terrace Democratic Club.

Early organizational plans will be announced

shortly. Local campaign headquarters are at the law offices of Kearney, Miller and Connor at 596 N. Arrowhead Avenue, San Bernardino, 889-0021.

Kearney currently is secretary of the San Bernardino County Criminal Defense Bar Association and a member of the Executive Board of the Catholic Social Services, where he has also served as treasurer and secretary.

He has served as president of the San Bernardino Legal Aid Society and as secretary of the San Bernardino County Bar Association.

Immediate Enlistments

The Navy has announced that young men no longer have to wait to be enlisted in the Navy. The Navy is now accepting applications for immediate processing and active duty.

Men who are desirous of completing their military obligation early can now do so. The young man planning his future owes it to himself to investigate the opportunities offered by the Navy.

Head Start Gets \$1 Million For Area Schools

WASHINGTON -- Congressman Jerry L. Pettis (R-Loma Linda) has announced the award of a \$1,084,884 federal grant for the Head Start Program for San Bernardino County.

The grant, approved by the Department of Health, Education and Welfare for the San Bernardino County Board of Supervisors, will provide pre-school training for 491 children on a full day basis and for 990 children on a part day basis. The program covers the entire county.

Davis Case Discussed

By William E. Coombs
State Senator, 20th Dist.

By now just about every adult American has heard of Angela Davis, the Communist teacher at the University of California at Los Angeles (UCLA). In order to better assess the issue, who Miss Davis really is, and why and what happened when she was hired, we are presenting a collection of our observations.

According to reports, no one at UCLA was aware of her Communist Party membership at the time of her hiring. But she did carry on other activities -- activities not carried on in secret as was her Communist Party allegiance.

This past summer Miss Davis made a trip to Communist Cuba. She had admitted former membership in the Black Panther Party and in the highly militant Student Non-Violent Coordinating Committee. She stated in a recent radio interview that she still supports the Black Panthers and will continue to work for them.

Miss Davis studied under Marxist Professor Herbert Marcuse at the University of California at San Diego. While she was there, she participated in the seizure of the university administration building during a demonstration.

In an interview conducted by Bettina Aptheker and printed in the official Communist Party newspaper, the People's World, Miss Davis stated: "It was with Marcuse's recommendation that I was accepted as a student with Theodore W. Adorno at the Institute of Social Research in Frankfurt. I spent two years there. This Institute is a center for Marxist study."

Adorno is identified as a world-famous Marxist philosopher.

Later statements make even more questionable the wisdom of her original hiring. Says Miss Davis: "I can't and I won't keep my political ideas out of the classroom." She further stated before her UCLA audience in October that she would tell her students that only "some form of communism will solve our human problems."

Earlier this year this same Miss Angela Davis received a two-year ap-

pointment to the faculty of the psychology department at UCLA. Her Communist Party membership (which she since had admitted) came to light in July. At their September meeting the University Board of Regents, continuing the long-standing policy of the Regents that no Communist will be hired on the faculty, voted to fire Miss Davis.

Then, on October 20, Judge Jerry Pachit ruled that our California University Board of Regents could not bar Angela Davis from teaching at UCLA because of her Communist Party membership. At the request of the plaintiffs, Judge Pachit disposed of this important case on a motion for summary judgment, thus preventing the Regents' attorneys from presenting important issues and facts which would require a full trial.

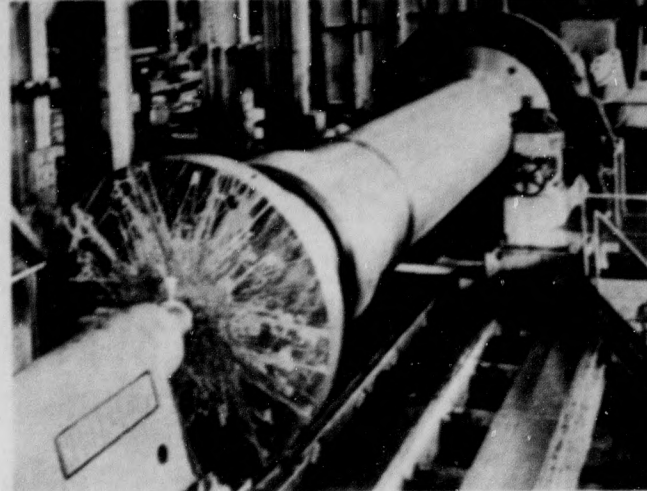

WAVES' Sign-ups Suggested

If you are a female between 18 and 26 years of age, single, have a high school education and would like to travel you may be eligible for the Navy WAVES Program.

A woman accepted for the WAVES has the opportunity to learn a trade and be of service to her Country at the same time.

Designated as Yeomanettes in World War I, more than 11,000 women served in the Navy, most of them as stenographers. World War II saw 100,000 women again entering the Navy, this time under the name WAVES (Women Accepted for Volunteer Emergency Service), and serving in more than 20 occupational fields from Journalists to Electronic Technicians.

For further information concerning the WAVE Program contact Petty Officers Robert Kapherr or Robert Springer at 123 W. Holt Blvd, Ontario, 984-8624.

BIG, FOR BIG JOB -- Monstrous shafts, like the one above, 8 feet across at the flanges, required for hydraulic turbines to be installed in Canada's Churchill Falls complex, actually are no match for this giant heavy duty engine or turning lathe, considered the largest in operation in Canada today. The lathe is capable of handling parts up to 12 feet in diameter and 40 feet long.

David Bentley

Navy Ensign David G. Bentley, son of Mr. and Mrs. Howard G. Bentley of Cucamonga was graduated from Officer Candidate School (OCS) at Newport, R. I.

During his four months at OCS, he spent a total of 520 hours on military, tactical, organizational and technological subjects.

In addition to the classroom time, two hours a day was devoted either to close order drill, swimming lessons, physical training, or similar activities.

He received actual sea-going experience aboard a squadron of Yard Patrol Craft which are attached to the school and operate daily on Narragansett Bay near Newport.

Joseph Walker

Equipment Operator Construction Apprentice Joseph E. Walker, USN, son of Mr. and Mrs. James Walker of Upland is serving with the U.S. Naval Construction Battalion Eight in Vietnam.

The battalion is scheduled to be deactivated in December as a result of the Nixon Administration's cutback in military spending.

While deployed in Da-Nang the battalion was responsible for placing over four million dollars of material in construction work, such as bridges, bunkers, road paving, storage buildings, airfields, air shelters, living and service facilities for U. S. forces.

Danny Grace

Army Sergeant Danny R. Grace, 20, son of Mr. and Mrs. Myrl E. Grace Sr., Upland, was assigned as an infantryman with the 1st Infantry Division in Vietnam, recently.

Ronald Costner

Airman Ronald C. Costner, son of Mrs. C. L. Holliday of Upland, has graduated at Sheppard AFB, Tex., from the U.S. Air Force air freight specialist course.

Harold Camilli

Electronics Technician Third Class Harold A. Camilli, USN, son of Mr. and Mrs. Harold D. Camilli of Upland, visited the Japanese city of Beppu aboard the destroyer USS Hanson during the ship's first rest and recreation period from the Vietnam War.

The airman, who was trained in special handling and storage of air freight, is being assigned to McChord AFB, Wash., for duty with the Military Airlift Command which provides global airlift for U. S. ground forces.

Airman Costner is a 1967 graduate of Parkrose High School in Portland, Ore.

John Harvey

Marine Lance Corporal John C. Harvey, of Upland is serving with the First Marine Wing in Vietnam.

The First Marine Aircraft Wing is the air arm of the Third Marine Amphibious Force in Vietnam.

It operates several hundred aircraft which include fighter, attack, reconnaissance, helicopter and transport aircraft. In addition to providing aviation support for the First and Third Marine Divisions, the wing supports other American and free world forces in South Vietnam's five northernmost provinces.

Dennis Betz

Seaman Dennis W. Betz, USN, of Upland, was awarded the Battle Efficiency "E" while serving aboard the destroyer escort USS Claud Jones at Pearl Harbor.

The "Jones Boys" received the award for their excellent performance of competitive skills during the recently completed competitive year.

John Franklin On FFA Unit

John Franklin of Upland has been appointed a member of the Future Farmers of America division of the Junior Fair committee for the 55th National Orange Show here next April.

Young members of Future Farmers of America chapters throughout San Bernardino County will exhibit animals during the final five days of the Orange Show April 8-12. The Orange Show opens April 2.

WONDERFUL WORLD OF CHRISTMAS

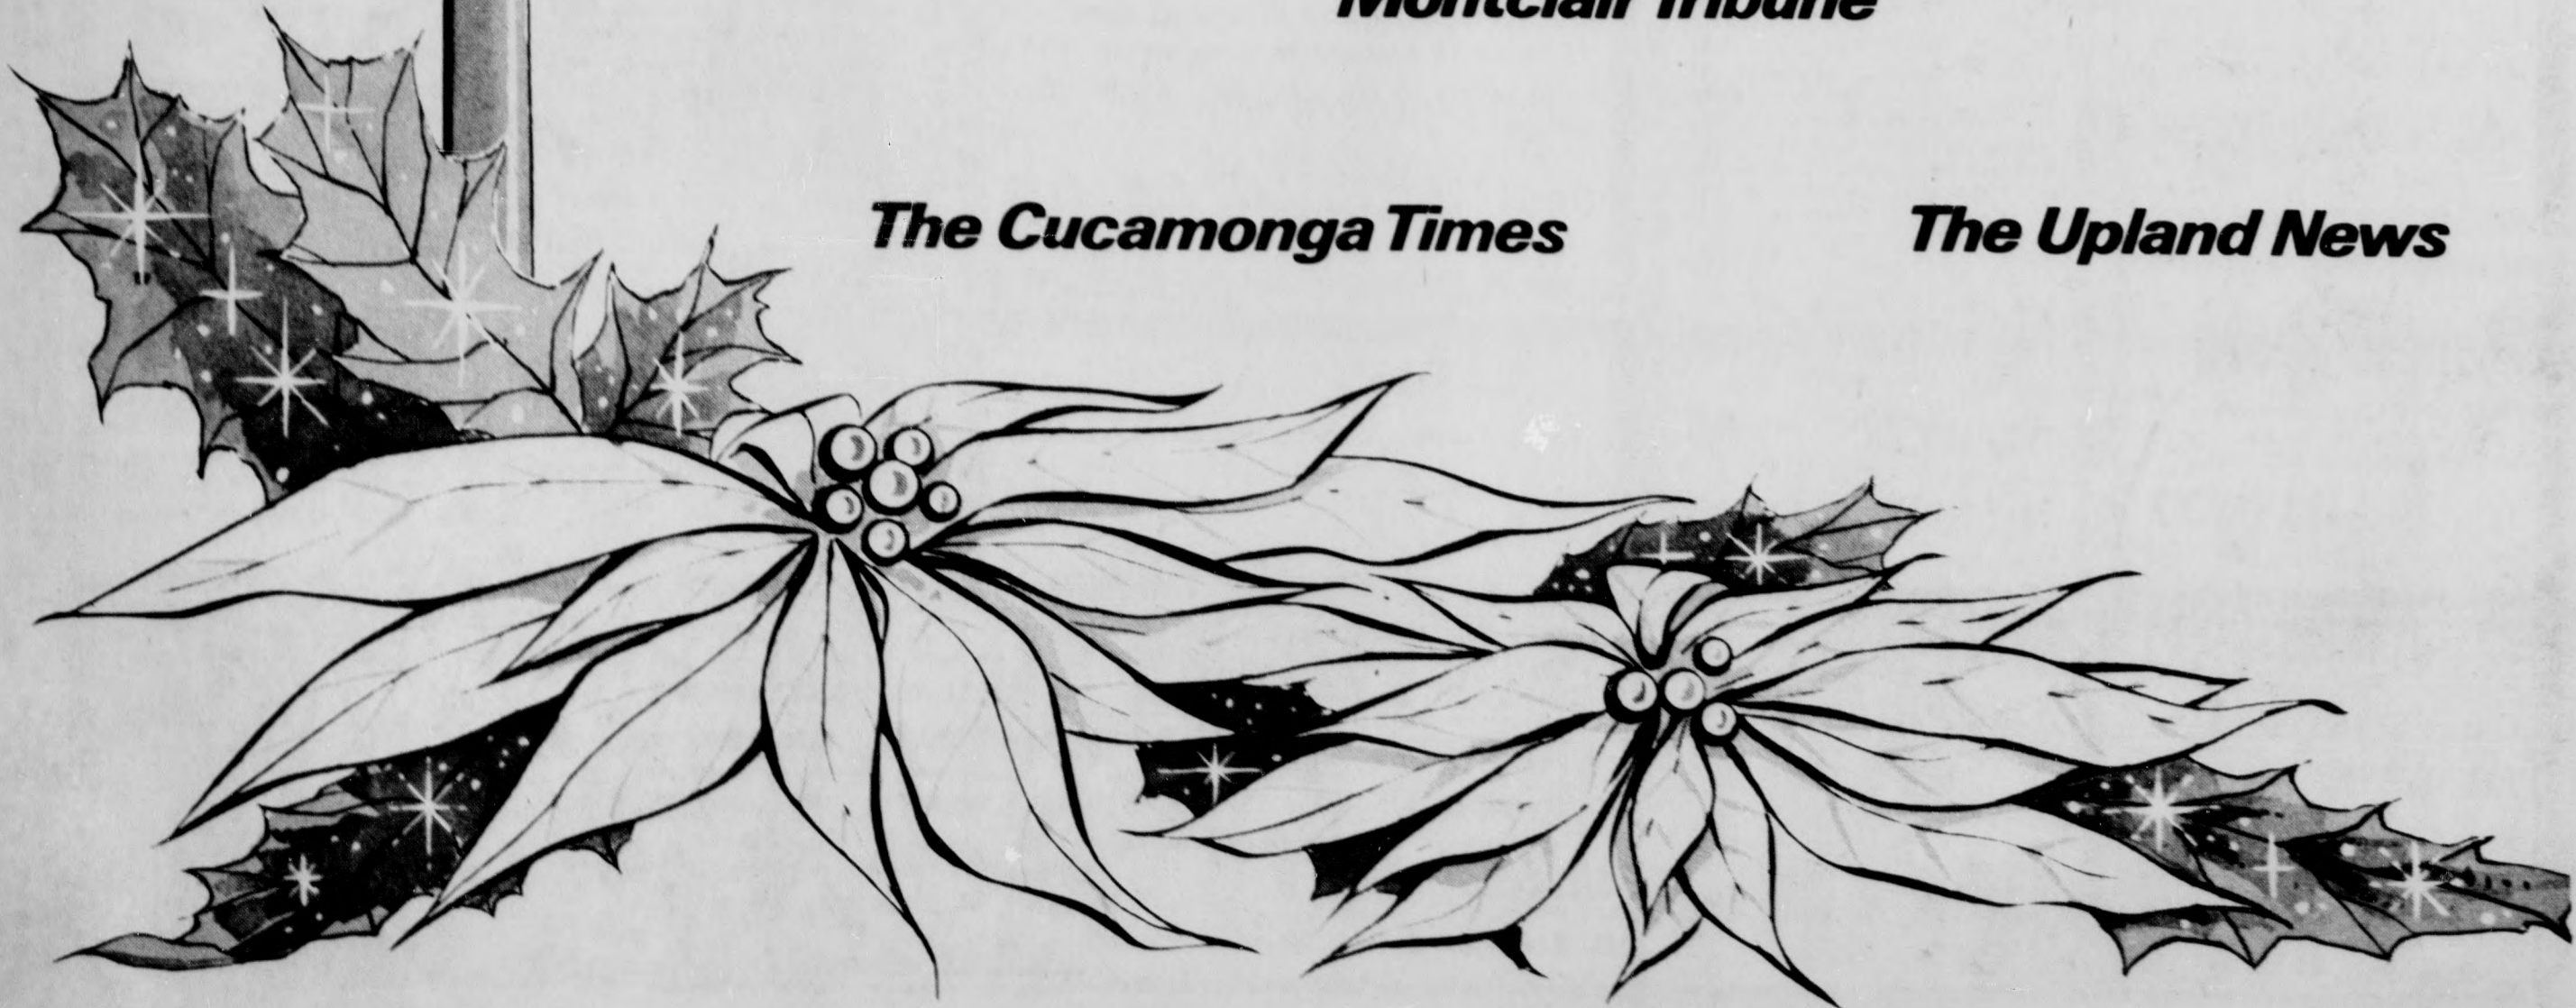

Christmas is the Hope of the bright
Star of Bethlehem... Christmas is
bright-eyed children... Christmas is
the gracious welcome of a light in the
window! May all the lights of
Christmas glow in the hearts of
men throughout the year.

All of us are wishing all of you the
brightest and merriest Christmas ever.

Cancer Exams

The American Cancer Society urges that all adult women practice breast self-examination as the best protection against possible death from breast cancer. This disease will take the lives of about 30,000 women in 1970.

About 104,000 cancer patients in the United States whose disease is first diagnosed in 1970 will probably die but might have been saved by earlier and better treatment. According to the American Cancer Society, this number is the difference between the one-third now being saved the one-half who might be saved by earlier diagnosis and prompt treatment. This is why action on cancer's warning signals and having annual health checkups are so important.

Survival rates from cancer have increased from one-in-four patients to one-in-three in recent years, according to the American Cancer Society. Much of this improvement is the result of earlier diagnosis and proper treatment. Know cancer's warning signals and have an annual health check-up.

About 208,000 Americans will be saved from cancer in 1970. The American Cancer Society says the number would be

much larger if all people acted on cancer's warning signals and also had annual health checkups.

The American Cancer Society urges that all people know cancer's warning signals. They are: unusual bleeding or discharge; a lump or thickening in the breast or elsewhere; a sore that does not heal; change in bowel or bladder habits; hoarseness or cough; indigestion or difficulty in swallowing; change in a wart or mole. These usually do not mean cancer, but they are warnings; if a signal lasts more than two weeks it is important to go to your doctor.

Insurance
'Package'

Insurance policies offering home owners and businesses in one "package" a variety of coverages formerly bought separately have skyrocketed in popularity. Premiums paid to insurance companies for such policies - home-owners and commercial - have jumped from about \$374 million in 1958 to nearly \$4 billion in 1968.

WHOSE WILL IT BE? - National Orange Show Queen Marchand Archuleta holds her crown a tantalizing distance away from the outstretched fingertips of four beauty contestants as she prepares to relinquish it to a new queen to be selected on opening night of the Orange Show's 11-day run next April 2. Search for a new queen is under way.

Color Choices

Which colors come first to your mind when you plan for the Christmas holidays - the red of crisp satin ribbon? The green of a pine-scented evergreen? The fluffy whiteness of fresh-fallen snow? Or the warm brown's of the earth's soil?

What colors your memory reveals little things about you - like where you come from and whether you learn more to the reverent or secular observances of the birth of Christ. Your color preferences also can show if you enjoy equally well the formal church celebrations and the Santa Claus aspects of the ancient holiday.

If earth tones of straw and stable come to mind, chances are you are deeply sentimental about the nativity scene St. Francis is said to have originated in Latin churches. Thoughts of gently falling snow weaving landscapes into lacy webs of a mysterious wonderland could place your childhood days in northern regions where cold winters made Christmas white.

In the white-Christmas regions of the U.S., the red and green ribbons, wrapping and tree-lights resemble a handsome American shrub - the holly - traditionalized for a long time as Christmas colors. Now, however, sparkling silvers, golds, or brilliant blues on white artificial trees impress memories of younger generations respecting Christmas customs that long antedate the Christian period.

A tapestry of seasonal, pagan, religious and national practices surrounded with legend and traditions, Christmas customs portray a seasonal connection with pagan feasts of the winter solstice relating to the beginning of time. Their legacy in the birthday of Christ makes them share holders in a significant

event in the world's history - an event that gave a new date, anno Domini.

From the pagan accent on light it is not difficult to trace the rise of lights and bonfires with the yule log, and then on to the candle and multi-colored decorations.

Today, in the U.S., many Americans can be seen amid a clutter of Christmas packages, celebrating the holiday feast while they watch on color television the festivals in tropical Mexico, or Brazil or even view Italy where, instead of evergreens, profuse quantities of flowers adorn homes and towns at Christmas-time.

Recently on television and through other media, the world witnessed the essence of the Christmas message - "for all mankind" - placed on the moon. It's safe to predict Christmas gifts this year will be more related to lunar explorations and will include the means of communication that tunes each family member in on historic events opening new eras. Your family will gather Christmas morning and the discovery of a gift-wrapped subscription to the local newspaper or a portable television set will bring Christmas smiles 365 days a year. General Electric's Mediterranean styled Porta Color* 180TM with doors and its own matching mobile stand, or a 24 pound light personal Porta Color* 60 will bring the family together to celebrate great events on Earth and even on the Moon.

Communication systems such as the newspapers, radio, and television make it presently more possible for strangers to become brothers, understand each other, because through television, for instance, they've actually seen each other and become acquainted.

Ever since the Bible was written and the "Word" was the beginning, communication has been emphasized as imperative for mutual cooperation amongst members of the human race of many creeds, customs, and colors.

SUPER BROWNIES...
U.S. Air Force technicians of the Aerospace Defense Command adjust a lens of one of the Baker-Nunn cameras scheduled to photograph Apollo 12 spacecraft on its recent round trip voyage to the moon. The Space Defense Center keeps a log, not only of current satellites, but on decayed objects, space devices and deep space probes.

Scholars' 'Blueprint' Probing Man's Future

LOS ANGELES - Winds of change are blowing around the world, and no one knows what sort of governmental, business, or social organizations they will shape for the future.

Scholars at the University of Southern California and on other campuses in the West and East are trying to anticipate, however, what life might be like in years ahead.

They unveiled a "BLUEPRINT" of the future recently at USC for representatives of more than 100 organizations - governmental, labor, industry, education, churches, political parties, volunteers, professional associations, and minorities.

BLUEPRINT is a program which has developed out of research currently being done by USC's School of Public Administration partially sponsored by a National Aeronautics and Space Administration (NASA) grant emphasizing organizations of the future.

Professors from many fields are questioning the nature and form of existing organizations, the relationship of individuals to these groups, and trying to think what they may be like 30 years hence.

Vast changes in our way of life already are underway, foreshadowing even more upheavals, some of which cannot be forecast, speakers said.

New types of organizations have appeared recently to provide ways for individuals and groups to make their wants better known, it was pointed out. Examples are Nader's Raiders, a group of young college law students and graduates brought together by Ralph Nader to uncover defects in manufactured products and to try to safeguard consumers; anti-pollution organizations that are springing up all over the nation; Synanon, formed by former drug addicts to help others break the habit; black pressure groups; student protest organizations; and community, social and political action groups.

"No one connected with BLUEPRINT thus far has any panaceas, dramatic solutions, pet schemes, or glib answers," said Dr. Richard C. Snyder of the University of California at Irvine, spokesman for a six-man BLUEPRINT analysis council. "Members of the council are neither astrologers nor medicine men... While we make no pretense of predicting what the world will be like in the year 2000, we do insist that how men think about and act toward the future are themselves major determinants of that future."

"Men tend to fulfill their own prophecies."

Not all future organizations will or need be different from all existing ones, said Dr. Harold J. Leavitt of Stanford University.

Just as businessmen are talking about world corporations which will transcend national boundaries, perhaps world organizations may be the answer for some future problems, he suggested. Snyder explained that BLUEPRINT "is a calculated risk experiment to discover whether certain grave weaknesses

hitherto evident in both our thinking and action in the domain of critical social problems can be corrected or ameliorated."

"There is every reason to believe that errors and pitfalls in the future will have an extremely high price tag. This is one kind of effort to reduce such costs."

Change will occur more rapidly than it can be either fully understood or controlled for social purposes, so uncertainty and adaptiveness will be the key themes of the future, the analysis council said.

"Although no man or group of men knows enough to design a good future for his fellows, a relatively few men will exert enormous influence over the lives of many men, sometimes on the basis of allegedly superior knowledge, legitimate authority or on the basis of both."

"If there is indeed a knowledge or information 'explosion', it seems likely that our ignorance is increasing at least at the same rate."

Some questions that

have arisen during BLUEPRINT's first discussions are:

--If citizens have lost faith in their institutions, how might this faith be restored?

--If we cannot design a perfect institution or organization, can we nonetheless diagnose critical weaknesses in our present structures, and can we propose remedies which are not worse than the illnesses?

"Uncertainty, fear, distrust, and self-doubt seem to be abroad in the land," Snyder said. "And these factors, are clearly enemies of calm, in-formed reappraisal of our situation."

Historically, we have assumed that we ought to organize for stability and then count on reform occurring when necessary, said Dr. Robert P. Biller of the University of California, Berkeley.

"A transition may be occurring which would make it more reasonable to organize for change and then count on persistence emerging when necessary

"Under conditions of

change, complexity and uncertainty it may simply become necessary for people to figure out what it is they choose to do and do it.

"Attempts at forming them into stable structures, and then reforming these structures at intervals, may become both too costly and too risky."

NAU Clips CP In Squeaker

Cal Poly seems to be scoring more and enjoying it less. For the last two games the Broncos have put on a last-minute rally only to have it turned back into defeat. The victor this time was Northern Arizona University, which clipped the Broncos 81-80 before 3,500 fans in the Lumberjacks' gym.

Greg Rouchin was the would-be hero as he stole the ball and drove in for the score to cut the Lumberjacks' lead to 81-80, but after the full-court press forced Arizona to throw the ball away with seven seconds remaining but before the Cal Poly team was able to call timeout the buzzer had sounded.

Free throws were the difference in the game as Northern Arizona hit on 23 of 35 while Cal Poly was able to capitalize on only 16 of 28 attempts.

In the heart-stopping final minutes of the game, which had the extremely partisan crowd on its feet, Forward Curtis Donaldson of Poly hit jump-shot and then had a steal and another bucket to close the gap to 79-76.

Donaldson turned in the finest game in his college career as he played errorless ball the entire game and came up with key plays besides. Guards Mark Champagne and Bob Lucid each sank a free throw to give the Lumberjacks' an 81-76 lead with 30 seconds remaining, but the Broncos still fought back. Bart Carrido made a sensational layup between two defenders and Rouchin's steal followed. But time once again ran out on the Broncos and once again they have tasted defeat despite a fine effort.

Cal Poly now turned its eyes to the Fresno State-U.C. Irvine Tournament tomorrow night; and there's a good chance that they will draw Northern Arizona as their first-round opponents.

It is very probable that they would rout the Lumberjacks' on a neutral court.

ITEM: To prevent streaking when you wash a wall, start at the bottom and work up. Streaking is caused when water runs over a soiled wall. These streaks are hard to remove.

Computer An Aid To Management

LOS ANGELES - The computer will never replace people at the middle management level in business, despite gloomy predictions to the contrary, says a business educator.

Rather, that electronic marvel is helping generate new and more efficient management styles and is enabling executives at all levels to function better, Dr. Milton G. Holmen, professor of management in USC's Graduate School of Business Administration, said in an interview.

"It has been proven that the number of middle management functions which can be computerized is ten per cent or less of such executives' work," Dr. Holmen said. "The application of the computer has, in fact, made middle management people more free to really function as managers."

"With electronic data processing assuming some of their more mechanical burdens, they have more time to act as planners and facilitators, and to help their subordinates solve problems that arise."

Dr. Holmen said a key contribution of the computer to management is in giving information to all departments of a firm at all executive levels.

The information keeps all units advised on the status of projects in all other units as well as their own. This gives everyone the "big picture"—an overview that makes possible the "participative management" and "management by objective" concepts.

"For example," Dr. Holmen said, "it can be determined quickly that Department A is under budget and ahead of schedule, and Department B is over budget and behind schedule. This makes it possible for some of A's budgetary resources to be allocated to B, which is lagging behind."

With the use of the computer, everyone in the organization knows more and can see where everyone else is in terms of the organization's overall "The computer is virtually indispensable in this role," he added.

Whopping Tax Bill: \$38 Billion

More than \$38.1 million will be paid by General Telephone Co. of California for city and county property taxes for the 1969-70 fiscal year, said Leonard W. Snodgrass, vice president—controller for the utility.

"This represents the largest ad valorem tax payment our company has ever made," he added. "These taxes are paid out of the charges for service paid for by our customers," Snodgrass noted.

The bulk of these tax dollars goes to Los Angeles County, which receives more than \$23.5 million from General—\$23,597,687.34 to be exact.

These property taxes involve such large amounts of monies that General of California is making its payment in two installments. The first payment was scheduled for Dec. 10, with April 10, 1970, the date for the second one.

As a public utility, General is assessed by the California State Board of Equalization, unlike individual property owners who are assessed by their county.

For the telephone industry, property taxes are based upon the assessed valuation of all plant and equipment, which includes such items as improvement to buildings and land, telephone instruments, switchboards, cable and automatic switching facilities.

Los Angeles County receives a check for \$18,408,947.58 as its first installment.

San Bernardino County gets the next largest amount of the tax dollar from General, with almost \$1.9 million due in December and almost \$1.9 in April.

objectives and projects," Dr. Holmen explained. Dr. Holmen said he has found in his research at USC's Graduate School of Business Administration Management Laboratory that decentralization of management usually increases efficiency. "And if management is to be decentralized effectively, adequate dissemination of information to all departments and levels of the organization is necessary."

Accidents In Home Can Be Avoided

As the weather gets colder and periods of daylight shorter, people spend more and more time indoors.

And home, says the Insurance Information Institute, can be a dangerous place.

To back up that statement, the Institute points out that in 1968 alone more than 28,000 persons were killed in accidents at home—11,000 of

a result of falls. Countless thousands were injured in accidents which could have been prevented. The Institute offers these suggestions:

Groping in the darkness can be especially dangerous. Be sure light switches are easily accessible.

Scatter rugs can be booby traps. Rugs with skid-proof backing are the safest.

Don't run extension cords under rugs or across areas of a room where you normally walk.

If you must reach into high areas, do you climbing on a sturdy step-stool or ladder.

If the object you are reaching for is over or near a stove, be sure the burners are turned off.

Keep stairways well

lighted, and equip them with handrails.

Prevent bathroom falls by using anti-skid strips and grab rails in the tub or shower.

Avoid litter. Put the children's toys away when they are not in use.

Keep small footstools, magazine racks and other low units out of traffic areas, so that no one will trip over them.

Don't overlook the outdoor area. Keeping sidewalks and steps in good condition and free from ice and snow may be a laborious task, but it may prevent a costly spill.
